

U.S. SHIPS TO LEAVE SPAIN

NEW CASTLE YOUTH DROWNS AT CHAUTAUQUA

Alice Longworth Says

(Special To The News)
JACKSON HOLE, Wyoming, Sept. 1.—The president recognizes that waste of public money is an important issue in the campaign, makes an effort to meet it, even in his preliminary non-political warming-up in the drought area. He says he considers it worth while to spend a million to save ten million. That sounds well when you hear it the first time, but it has its weaknesses as a statement of fundamental economics. For instance, doesn't it make any difference whose million is being spent to save what ten million, and suppose the ten million is spent along with the one, making minus eleven at the bottom of the column, who is ahead?

Then again, what ten millions were saved for the millions spent on such magnificent boondoggles as the Florida Canal, Passamaquoddy, sidewalks through deserts and nationwide leaf-raking exercises? Are any millions saved when millions are spent for a host of jobholders to spy upon farmers for the purpose of preventing the planting of food crops, while the cost of living climbs like a thermometer in the dust bowl?

PA NEW OBSERVES

A cloudy sky probably averted a frost here last night. The air was extremely cold late last evening and top coats would not have been uncomfortable. The sky clouded up during the night however, and the temperature seemed to warm up instead of getting colder.

Looks like the Highland Heights all field, known for years as "Coal-town" ball field, will have to give way in the near future. A gasoline service station and garage is being erected across one corner of the field and will probably mean that the ball field will have to be abandoned.

New Castle's five parochial schools, namely, St. Joseph's, St. Mary's, St. Philip and James, St. Michael's and Madonna school, will open their doors for the 1936-37 term, Wednesday morning. The schools will be well underway by September 8.

Folks who kept their doors closed today to keep the cold out defeated their purpose, because it became warmer outside than in as the morning warmed. Many buildings felt chilly as one came in from the outside.

Youth Flees From Hospital

(International News Service)
CINCINNATI, O., Sept. 1.—Dreading an operation for removal of his tonsils, 13-year-old Earl Broyles determined he would not part with them. So, while attendants who had taken his clothing were absent for a moment, Earl escaped through a hospital window, clad only in brief trousers and a nightshirt. He was still at large today.

Philip Chambers Loses His Life In Fall From Boat

Accidentally Falls From Boat While Retrieving Bow Line

ACCIDENT OCCURS MONDAY AFTERNOON

Searchers Unable To Locate Body According To Reports At Noon

(BULLETIN)
At 1:30 o'clock this afternoon, efforts being made to recover the body of Philip Chambers were still in progress, without success, according to a report to The News from Jamestown, N. Y., post.

Philip B. Chambers, 23, youngest son of President Judge and Mrs. James A. Chambers, of 317 Sumner avenue, was drowned late Monday afternoon, in DeWittville Bay, Lake Chautauqua, N. Y., when in some manner he slipped or fell from his sailboat. At noon today no report had been received here that searchers had succeeded in finding the body.

After leaving summer school in the University of Pittsburgh this summer Mr. Chambers went to Chautauqua Lake where with Raymond McGeorge he operated a concession at the rear of the Chautauqua amphitheatre.

Recently he acquired a new sail boat and on Monday afternoon had taken a party of friends out for a sail about 3:30 o'clock. According to information from the lake the party was returning in a high wind and Chambers had gone to the rear of the boat to recover a bow line which was dragging. In some manner he fell from the boat.

Report 300 Shot Because Of Revolt On Stalin Regime

(International News Service)
BERLIN, Sept. 1.—The newspaper Beobachter today stated it was reported from Moscow that 300 officers and soldiers of the Red army in Russia have been shot for rebelling against the Stalin regime.

They were executed, said the paper, after being sentenced to death by military court martial.

The story stated that upon receipt of news that two regiments rebelled at Rjzen, 3,000 secret police rushed there by airplane, artillery was set up at strategic points, and the rebels were requested to surrender.

Grigori Yagoda, Soviet secret police chief, armed with special authority, crushed the rebellion, said Beobachter, adding the uprising was the result of "Trotskyite propaganda."

Three Brothers Die In Attempt To Save Fourth

(International News Service)
FULTON, Mo., Sept. 1.—The bodies of four brothers, three of whom died in their futile attempt to save the fourth from his gas filled coal mine, lay side-by-side in a local undertaking parlor here today. A fifth man, T. J. Wolfe, father-in-law of the eldest brother, the owner of the mine, also was overcome by the gas but was rescued. He was said to still be in a critical condition today.

The dead are Louis Metz, 32, owner of the coal mine; Ernest, 23; Fred, 21, and Harry, 19.

Death was caused, Coroner I. W. Holman declared, from carbon monoxide gas generated by a gasoline engine being used to pump water from the floor of the mine.

Landon Is Preparing For Farm Belt Tour

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent
TOPEKA, Kas., Sept. 1.—Gov. Alfred M. Landon today completed the first rough draft on his major speech on the farm problem to be delivered on a tour of the farm belt following his drought relief conference with President Roosevelt.

The Republican nominee now plans his midwestern trip for the middle of September. After conferring with the president at Des Moines, Iowa, Thursday, he probably will rejoin his family for a few days at their mountain ranch in the Colorado Rockies near Estes Park.

After bringing Mrs. Landon and the children back to Topeka, the governor will launch his second campaign trip, with an itinerary throughout the farm belt.

One of the governor's advisers said the first draft of his farm address was a comprehensive explanation of the Republican plan on agricultural relief. He said the governor went into great detail, so much so that the speech might be revised, and divided into several addresses to be delivered in different cities on the trip.

Second Ickes Tragedy

WILMARTH ICKES

Informed by a physician he was suffering from tuberculosis, Wilmarth Ickes, stepson of the interior secretary, shot and killed himself in the secretary's home at Winnetka, Ill., a Chicago suburb. Wilmarth was the son of the late Mrs. Harold L. Ickes and Prof. James Westfall Thompson now a professor at the University of California. Mrs. Ickes was killed last year in an automobile accident in New Mexico. —Central Press.

Secretary Ickes Hears Of Details In Connection With Stepson's Death

(International News Service)
CHICAGO, Sept. 1.—Secretary of the Interior Harold L. Ickes was today attending a coroner's inquest into the death of his stepson, Wilmarth Ickes, here today.

Secretary Ickes arrived here from Washington by plane last evening after being informed of the suicide of his stepson on the anniversary of the death of his wife, Mrs. Anna Wilmarth Ickes, who was killed a year ago yesterday when an automobile in which she was riding overturned in a ditch near Velarde, N. M.

Secretary Ickes refused to see newspaper men, but through a spokesman declared that he had been informed last Friday that his stepson, who was 37 years old, had been told he was afflicted with incipient tuberculosis.

Secretary Dern Will Be Buried During Afternoon

(International News Service)
SALT LAKE CITY, Utah, Sept. 1.—The funeral train bearing the body of the late Secretary of War George H. Dern and members of his family from Washington, D. C., arrived in Salt Lake City at 8 a. m. today.

It was followed immediately by President Roosevelt's special train. The body of the former cabinet member was removed from the train to the state capital, escorted by a detachment of soldiers from nearby Fort Douglas.

The president and scores of other notables will attend funeral services for the former Utah governor, to be held in the Mormon Tabernacle at 2 p. m. today.

Rudy Vallee Floors Dancer At Toronto

(International News Service)
TORONTO, Ont., Sept. 1.—Baton-weight champion Rudy Vallee had a one-round knockout to his credit today... over the wrong man.

The crooning orchestra leader, whose pugilistic exploits are becoming more and more frequent, countered a beer bottle to the head with a left-hook to the jaw and felled an unidentified man for the full count here last night.

Vallee was leading his orchestra for the entertainment of a dancing crowd of 1,000 in the ballroom of the Canadian National Exhibition when suddenly an empty beer bottle came hurtling in his direction.

Ducking under the bottle, Rudy leaped down the steps of the bandstand to the dance floor. He landed in the centre of a noisy group of near inebriates.

"Who threw that?" he demanded. "Show him to me."

Out of the crowd that gathered around him a man pointed to one of the drunks.

MADRID, Sept. 1.—Rebel bombing planes launched a two-fold attack upon Madrid and Irun today in a fiery outburst of fighting which reached virtually all parts of the country.

The giant rebel craft bombed the heart of the capital, sending the populace fleeing in terror. It was the second attack on the city proper, the sixth in the Madrid area. Extent of damage was not ascertained immediately.

Ready To Place Steel At Viaduct

Edenburg Contract May Be Completed By Thanksgiving Day

CONSTRUCTION HAS BEEN QUITE RAPID

By Thanksgiving Day the new Edenburg viaduct will be ready for public use if the present rate of progress is kept. This estimate was made Monday by Daniel Mullet, superintendent for the Holmes Construction Company and if the work is concluded by that time it will be many weeks in advance of the most liberal time estimates made when the job was let.

Like the many other jobs the Holmes Company has done in Lawrence County, the viaduct job has been pushed forward with speed. The concrete piers are done, or at least the last one is so near done that by the time you are reading this it will probably be done. Giant fills have been made, hillsides cut down, and in a few days concrete will be poured on the short stretch of road that connect the New Castle highway with the viaduct.

Steel could be used now if it was on the ground. Mr. Mullet has been ready for the steel for about two weeks but delays in delivery have held him up. When the steel arrives it will be put into place rapidly and the finishing touches will then be started.

When the work started it was estimated that completion early in 1937 would be the best that could possibly be done. The Holmes Company started the work and then proceeded to push it through. Recently a ten per cent increase in labor rates was made, the company feeling that the men were entitled to it for the speed and efficiency shown.

Seek Change Of Venue For Man Held For Murder

Jefferson County Grand Jury Finds "True Bill" Against John Becker

(International News Service)
BROOKVILLE, Pa., Sept. 1.—The office of the Jefferson county district attorney today prepared to file an answer to a petition by counsel for John Becker, night watchman suspected of the "tower murder" of Katherine Bracken, railroad telegrapher, for a change of venue.

Yesterday the county grand jury returned a "true bill" of indictment against Becker and simultaneously, John W. Conrad, Becker's attorney petitioned Chief Justice John W. Kephart of the state supreme court, for a change of venue on the grounds the defendant could not obtain a fair trial in Jefferson county.

A rule was granted by the justice for the commonwealth to show cause why the petition should not be granted, returnable in 10 days.

Becker is charged with killing Miss Bracken in a signal tower of the Pittsburgh and Shawmut railroad near here last April 10.

President Plans For Meeting On Thursday With Governor Landon

By GEORGE R. HOLMES
International News Service Staff Correspondent
EN ROUTE WITH PRESIDENT ROOSEVELT TO SALT LAKE CITY, Sept. 1.—Moving out of the parched drought belt and away from its pressing problems of relief and rehabilitation, President Roosevelt devoted considerable time today to planning the details of his meeting at Des Moines on Thursday with Gov. Alf M. Landon, his Republican rival for the presidency, and four other governors of adjacent states.

Unique Meeting. It will be a meeting unique in political annals for the two principal contenders for the presidency to meet vis-a-vis in the midst of a campaign that is more than ordinarily warm. It hasn't happened before, not in modern politics anyway. (Continued On Page Two)

Driver Freed In Man's Death

John D. Hayden Of Ellwood City Says Hewis Walked Into Front Of Car

WIFE TELLS SIMILAR STORY

After hearing the testimony of witnesses at an inquest held by Coroner Orville Potter in Alderman C. Mantz's court room last evening, the coroner's jury exonerated John D. Hayden, Sr., of 118 Spring avenue, Ellwood City, of any blame in connection with the death of William Hewis, county home resident, who died in the New Castle hospital, Sunday evening at 10:30, of injuries received when struck by Hayden's car, Saturday evening at 10 o'clock near the entrance to the Municipal Golf Course, on the Ellwood City road.

Mr. Hayden stated that he was en route to New Castle, and that as he neared the city here, traffic became quite heavy and that he had turned his lights onto low beam out of courtesy to approaching cars, which had done the same for him. He had not turned them back into high beam because the heavy traffic continued.

Appears Suddenly. He was traveling along at a speed of about 20 miles an hour, fearing to go faster because of the heavy traffic. As they neared the entrance to the golf course he said he heard his wife scream and as she did so, he saw a man's face in front of the car. He swung the car to the left, but it was too late to avoid striking him and he was hit apparently by the right side of the car. He stopped and called another motorist call the highway patrol, and then got another motorist to take the man to the hospital, as his car, which he had driven off the road on the left side after the collision, was hemmed in by other machines.

Mrs. Hayden told a similar story. She said that Hewis, the man whom they struck seemed to literally come from out of the air, and was directly in front of the radiator when she first saw him. She screamed, and her husband pulled his car to the left of the road but they failed to miss the man. She said she was so (Continued On Page Two)

Hunt For Missing Judge Crater Is Brought To End

(International News Service)
WARNERS HOT SPRINGS, Cal., Sept. 1.—The six-year mystery of the disappearance of Supreme Court Justice Joseph F. Crater of New York seemed destined to remain a mystery today.

The week-long search through this mountain and desert region for the missing jurist has been abandoned, and as dawn lit up the arid hills today, the last of the disconsolate searching party started plodding wearily homeward.

After checking last minute clues, Capt. W. C. Allen of the Los Angeles Missing Persons Bureau, and Detective Chester Lloyd, packed up and started homeward. Described by "Lucky" Blackie, the aged and be-whiskered prospector who led them on what they now fear was a wild goose chase, a score of newspapermen and photographers followed.

U. S. Warships In Spanish Waters To Be Withdrawn

United States To Take Steps To Prevent Any Warlike Incident

WARN AMERICANS TO LEAVE SPAIN

No Reply From Spanish Factions On Bombing Of U. S. Destroyer

By ROBERT G. NIXON
International News Service Staff Correspondent
WASHINGTON, Sept. 1.—Fearful of possible accidental embroilment in the Spanish civil war, the American government today planned speedy withdrawal of its warship rescue squadron.

The state department sounded a final, urgent warning for Americans to leave the revolution-torn country immediately. A desperate rebel thrust and frequent aerial bombardment, appeared imminent.

Four American warships, their decks cleared for action, cleaved Spanish waters, ready to fight instantly in case of a repetition of the bombing attack Sunday afternoon on the U. S. S. Kane, a destroyer.

No Reply From Spain. Demanding a categorical statement on the identity of the bombing plane and responsibility for its attack on the Kane, the state department served protests on both the Madrid government and the insurgent leader, General Francisco Franco. Neither faction has sent a reply, although it is understood the Madrid government will deny the airplane was in any way connected with it.

SEE CONGRESS ROLL CHANGES

Fifty-Six Are Already Out

Huge Turnover In House Membership In Next Congress Certain

PART WILL RESULT FROM ELECTIONS

By WILLIAM S. NEAL, International News Service Staff Correspondent
WASHINGTON, Sept. 1.—A huge turnover in the next house of representatives, with many of its most colorful figures eliminated, was shown today in a survey of political primaries already held throughout the country.

More than one-tenth of the membership of 435 has been removed by death, retirement or primary defeat. The roll may be lengthened in state primaries yet to be held.

The check made from unofficial returns by the clerk of the house showed that 56 of the 435 membership have dropped by the wayside.

A Republican sweep in the November election would further revolutionize the membership of the next house. Forty-seven of those already eliminated are Democrats. In some instances, particularly in the south, Democrats will succeed to these vacancies.

The huge turnover in the primaries was accepted in some circles as indication of restlessness among voters. In Oklahoma and Texas most of the sitting members were subjected to hard primary fights.

The fight of candidates backed by the Townsend and Father Coughlin organizations also caused upsets in some of the primaries.

Some Of Those Removed
Among those removed by defeat were Rep. Percy Gassaway of Oklahoma, the "cowboy congressman," who performed for the movies in front of the capital. Rep. Thomas Blanton of Texas, who frequently appeared to be near fist fights on the floor, was another colorful figure who was defeated in a primary. Both were Democrats.

Rep. Joseph Monaghan, Democratic "baby" of the house when he was first elected and known as an "extreme progressive," gave up his house seat for an unsuccessful try for the senate nomination in Montana. The eccentric Representative Marion Zionscheck, Democrat, also classed as a "left winger," committed suicide.

Saturday Rep. Ernest Lundeen was chosen by Minnesota's Farmer party to run for the senate in place of the late Gov. Floyd B. Olson.

Changes in present membership include:
Ohio—Warren J. Duffey, Charles Truax, (D) died; Mel G. Underwood, (D) resigned; William I. Fiesinger, (D) defeated; Stephen M. Young, (D) unsuccessful candidate for governor.

Pennsylvania—Reps. Richardson, Berlin, Brooks and Moritz (D), defeated.

major speech at Des Moines on the trip. His advisers are urging a second major speech at St. Paul or Minneapolis, with a third one at Milwaukee.

Under such a procedure, the governor probably will deal with the outworn AAA, and his program for

paying farm benefits to help market huge surplus crops in one speech, and with restoring domestic markets to the American farmer. His opposition to the administration's reciprocal trade treaty policies would be included in the latter address.

It was understood the governor now plans to eliminate Missouri, Illinois and Indiana from his next trip, leaving those states for another trip later in the campaign. It was said leaders in those states preferred his personal appearance in October at the height of the campaign.

Prepares For Des Moines Trip.
The governor meanwhile worked upon state matters to clear his desk for the trip to Des Moines to meet the president. His advisers emphasized the fact he would attend the presidential conference as "the governor of Kansas" and "not as the Republican nominee for president."

They said he would "place himself in the president's hands." "It is the president's show," said one adviser. "Landon has no idea of trying to steal the show."

Landon was highly pleased with the reports of his popularity in the Dakotas, brought him by Governor Walter Welford of North Dakota. Welford said Landon would carry the Dakotas, despite heavy New Deal expenditures for farm and drought relief. He declared the farmers were tired of Roosevelt policies, calling for the destruction of crops, and believed Landon would continue relief, where it was needed.

Jack Feeney Dies In Hospital Monday

Found In Stupor On South Mill Street, Passes Away From Illness

Coroner Orville Potter was summoned to the New Castle hospital last evening to investigate the circumstances surrounding the death of Jack Feeney, aged about 56 years, of 1227 Rebecca street, who was found in a stupor on South Mill street, Monday morning, and removed to the hospital later in the day. He died at 6:55 last evening.

According to the attending physician, uremic poisoning was the cause of death. Mr. Feeney was born at Leontia, O., but for many years had been a resident of New Castle. He was an operator in the old wire nail mill and was also with the B. & O. railroad. For the past 18 years he had resided at the home of Mr. and Mrs. James Carroll, Rebecca street.

Surviving are one brother Hugh, two nieces, Mrs. Edna Wadlinger and Mrs. Harry Hagan, this city, and a nephew, Edward Duffy, Detroit, Mich.

The body has been removed to the McGinley funeral home pending funeral arrangements. Friends may call there after 8 o'clock tonight.

ner he lost his footing and went overboard.

Bring Boat Around
Other members of the party immediately brought the boat around but some difficulty was encountered because of the wind. When the boat turned to where Chambers had fallen overboard he had disappeared. The sheriff's office was notified immediately and searchers were sent out with grappling hooks. From five thirty until after dark the search went on without success.

In the party of friends on board the boat were Edward S. Schwabe, 30, of Buffalo, N. Y.; Kenneth Wolfe 32, of Franklin, Pa.; Clinton Perrine, 28, of Grove City, Pa.; Miss Edith Crews, 22, and Miss Bessie Mae Green, 19, both of Bradenton, Florida.

Father And Brother Go To Lake
His father, Judge James A. Chambers was notified immediately and with another son, Attorney James E. Chambers, went to Chautauque Lake. Others from this city also went to the lake today to aid in the search for the body.

Mr. Chambers was a graduate of New Castle High School and later attended Westminster College. Before his college term was finished in Westminster he transferred to Mt. Union College, Alliance, O. In the past college year he attended the Wharton School of Finance.

He is survived by his parents, and one brother, Attorney James E. Chambers.

to be evacuated were told the United States cannot be held responsible for their future safety.

In beleaguered Madrid, the American embassy sent personal notices to the 164 nationals who have clung tenaciously to their homes and businesses through seven weeks of bitter civil strife, despite repeated warnings to get out, that the protection of the embassy may be withdrawn from them any moment.

A rigid censorship was again clamped down by the Madrid government as reports reached the outside world that the Spanish capital is in the grip of a reign of terror.

Warns Americans
The American embassy cabled the state department that it has personally warned each of the remaining Americans there to leave on a special train Wednesday night for Alicante where they can be taken off on the heavy cruiser, U. S. S. Quincy, Thursday.

The rebel army was reported battering at the gates of Toledo and Eric C. Mendelin, in charge of the embassy, feared the railroad line to the coast might be cut off at any moment, leaving the Americans marooned in Madrid.

The German embassy already has been closed and its staff removed to Alicante.

Official quarters made it plain that this government intends taking no undue risk of another incident such as the blowing up of the battleship Maine in Havana harbor which ignited the spark of the Spanish-American war.

The decision to bring United States warships home at the earliest possible moment came swiftly after the bombing attack Sunday by the unidentified tri-motored plane on the Kane.

The battleship Oklahoma, flagship of the rescue squadron, was the first American warship to be withdrawn. She sailed for Norfolk, Va., from Gibraltar at 4 p. m. (Spanish time) yesterday, leaving the cruiser Quincy in charge of the destroyers Kane and Hatfield and the coast-guard cutter Cayuga to complete the work of evacuation.

PRESIDENT PLANS FOR MEETING ON THURSDAY WITH GOV. LANDON

(Continued From Page One)

Filled as it is with dramatic possibilities, it is unlikely that Mr. Roosevelt and Mr. Landon will be alone at any time during their meeting at Des Moines. The arrangements, as tentatively planned aboard the president's special train, provide that Mr. Roosevelt should hold separate conferences with the governors and other state officials on Thursday.

To Consider State Problems.
Five states will be represented at the Des Moines meeting, Kansas, Missouri, Nebraska, Oklahoma and Iowa, the host state. Invitations have been extended to the governors, to the two United States senators from each state, a number of congressmen, and such state officials intimately concerned with drought and relief problems as the respective governors want to have present. It is the present plan to take each state separately.

Thus, when conditions in the state of Kansas are taken up Governor Landon will be accompanied, it is expected, by Senators Capper (R) and McGill (D) and by such Kansas assistants as Governor Landon wants along.

Landon Only Republican.
Incidentally, Governor Landon will be the only Republican governor represented. The others, Herndon of Iowa, Park of Missouri, Cochran of Nebraska and Marland of Oklahoma, are all Democrats. If he attends, Senator Dickinson of Iowa, who was a Republican presidential aspirant at Cleveland, will be the only other Republican senator there, as Senator Norris (R) of Nebraska, who is a New Dealer despite his Republican label, is still at his summer home in Wisconsin. The successive New Deal waves of 1932 and 1934 washed most of the Republicans out of the office west of the Mississippi, Governor Landon being one of the few survivors.

President Roosevelt has been so much on the move the past week he has been unable to give much thought to the hows and wherefores of his unique meeting with Governor Landon. But yesterday on the long ride through Wyoming during which he made no appearances, and today, he was able to devote some study to the subject. There are embarrassing features connected with it that inevitably affect both men.

Not First Meeting.
It will not be their first meeting. They met before at a White House conference of governors and representatives of the oil producing states early in the Roosevelt administration, and soon after Governor Landon had accomplished the near-miracle of escaping the Democratic landslide of '32. At that time Gov. Landon little dreamed of running for the presidency, and Mr. Roosevelt little dreamed that in the quiet-mannered Kansan he was dealing with his rival three years hence.

Detailed plans for the Des Moines meeting are still in the making. There was much telephoning and telegraphing from the presidential special yesterday and today concerning the Governor. Herding will be the host, as the chief executive of Iowa, yet the president will also be the host in the sense that he initiated the whole thing. If this had to do with diplomacy there would be precedent and protocol to guide the way. But there is no precedent and no protocol to point the way in a meeting of the Democratic and Republican candidates for the presidency in the midst of a campaign for their meeting is unprecedented.

President Roosevelt was due in Salt Lake City early today to attend the funeral services of his late secretary of war, George H. Dern, which will be held in the great Mormon Tabernacle at 3 p. m. mountain time. Mr. Roosevelt did not plan to leave his train until time for the services, working on an accumulation of business from Washington and considering details of the Des Moines meeting. The presidential special will leave Salt Lake City at 6 p. m. for a straight run to Des Moines where it is due at noon on Thursday.

RUDY VALLEE FLOORS DANCER AT TORONTO

his way to the man's side. Weaving from the hips, ala Dempsey, Rudy swung his left from way back, yonder kerplunk to the chin. And down went McGinty to the bottom of the Y-man's feet while a thunderous roar of approval swelled from the crowd.

The victim of the murderous punch remained prostrate until someone had sponged his face with a wet towel.

Then he arose, rubbing his chin, to remark woefully: "I didn't do it, Mr. Vallee. I wasn't even close to the guy who threw that bottle."

Before Rudy could frame an apology another man stepped forward and admitted he was the individual who had tossed the dead soldier.

A woman companion hurriedly led the self-confessed culprit away before the still angry Rudy could start another left winging viciously through the ozone.

By this time, the man who had been kayeed recovered his wits sufficiently to invite the orchestra leader out into the alley "where we can settle this thing like men."

The exhibition bouncer decided that further fighting should be done by someone who was getting paid for it and tossed Rudy's victim out on the sidewalk.

Back-stage later Rudy said: "I didn't hit him very hard. You ought to see what I did to George White."

Correct this sentence: "I believe in dividing the wealth," said he, "and I'll gladly divide my little with those who are poorer."

Deaths of the Day

Mrs. Charles Rotz.

Mrs. Mary Rotz, aged 30 years, wife of Charles Rotz, of 120 South Cedar street, died in the New Castle hospital after a short illness, Monday evening.

She leaves her husband, six children, Joseph, Carmen, Phyllis, Marie, Junior and Anthony, her parents, Mr. and Mrs. Andy Russo, two brothers, Alfred and William Russo, and two sisters, Mrs. Rosie Mash and Margaret Russo, all of this city.

Phillip Levine, 65 years old, of 109 North Mill street, a well known merchant in New Castle for many years, died Monday afternoon at the home of his daughter, Mrs. Goldie Barber Perelman, 5800 Munhall road, Pittsburgh, after a sudden illness.

Mr. Levine had gone to Pittsburgh to purchase some goods, became ill and died a short time later.

He was born in Russia, son of Manny and Leah Levine. Ever since coming to New Castle 38 years ago he had been in business on South Jefferson street and was known as an honest, upright merchant. He was a member of Tifereth Israel synagogue.

Surviving are, his wife, Rachel, his daughter in Pittsburgh, Mrs. Perelman, two sons, Abe and Charles, of Boston, Mass., and Charles C. Levine, of New Castle, and two brothers, Sam Levine, of Troy, N. Y., and Louis Levine, of New York City, N. Y.

Funeral services will be conducted at 4 p. m. today from the residence, 109 North Mill street and interment will be made in Tifereth Israel cemetery.

Mrs. Deegan Funeral.

Solemn requiem high mass for Mrs. James E. Deegan, of West Leasure avenue, was celebrated in St. Joseph's church at 9:30 a. m. Monday, in the presence of a large crowd of friends. Many beautiful flowers were banked at the sides of the bier.

Rev. Fr. Joseph A. Doerr, pastor of the church, was celebrant, Rev. Fr. Ernest McIntire and H. James McNany, of Sharon, were deacon and sub-deacon, and Rev. Fr. F. V. O'Donnell, of the New Castle hospital, was master of ceremonies.

Palbearers were M. V. Hyde, Milton Spangler, Patrick McDowell, A. J. Casarachi, Jack Miller and W. J. Stafford. Interment was made in St. Mary's cemetery at Sharon, where Rev. Fr. Doerr had charge of the committal service, assisted by the two Sharon priests.

John James Phillips.

John James Phillips, day-old son of John and Nellie Weaver Phillips, New Castle, R. D. 1, who died in the New Castle hospital at 11 o'clock Monday morning, was buried at Savannah cemetery today at 10:30 a. m.

The infant leaves his parents and grandparents, Mr. and Mrs. A. M. Weaver and Mr. and Mrs. John B. Phillips, New Castle.

Mrs. Lowery Funeral.

Funeral services for Mrs. Mary Etta Lowery, of Bryn Mawr, Pa. formerly of this city, were conducted Monday afternoon at 2:30 o'clock in the home of Mr. and Mrs. Perry Brest, Highland avenue. Rev. D. L. Ferguson, pastor of the Highland United Presbyterian church, was in charge.

A large number of Mrs. Lowery's friends were present and there were many beautiful flowers.

The palbearers were Chas. Brest, Lou Pyle, George Houston, Joseph Lindsay, Clinton Keagy, and Henry Halley. Interment was made in Oak Park cemetery.

John R. Agnew.

John R. Agnew, aged 67, of 10 North Market street, New Wilmington, died in the Jameson Memorial hospital at 11:45 this morning, following an illness.

Announcement of the funeral will be made later.

Enon Woman Is Hurt In Crash

Mrs. Mildred Kenny, 34, of R. D. 1, Enon, was badly injured yesterday when the car she was driving veered off the highway into a ditch.

The woman was blinded by the glaring headlights of an approaching automobile. She was rushed to the Providence hospital at Rochester, where she was found to be suffering from fractures of several ribs.

Her brother, the only other occupant of the machine, was not hurt.

Attorneys For 15-Year-Old Choir Boy, Confessed Slayer, To File Petition

(International News Service)
CHICAGO, Sept. 1.—Attorneys for a 15-year-old choir boy who confessed the brutal murder of a crippled, 65-year-old widow, were to petition for a sanity hearing for their youthful client today.

Attorney Mark Cohen declared he is certain a psychiatrist will find the boy of unsound mind, and declared he will ask that the grand jury be informed of any such finding before making its recommendations.

The boy is Roland Munroe, Jr. He confessed beating Mrs. Agnes Roffles to death with a hammer and her came Saturday night in her home. After beating the crippled widow, the handsome red haired boy fled with a handful of cheap jewelry, the sale of which Mrs. Roffles was discussing with him.

The boy, a high school freshman and a member of the junior choir of People's church where he attended Sunday school regularly, occasionally ran errands and did odd jobs for his victim.

The attack on the capital brought out a squadron of pursuit planes which drove away the rebel craft. Anti-aircraft guns barked a defense of the city.

Final Assault On Rebels
In the east, at Barcelona, a communique was issued stating Loyalist Catalin troops had completely surrounded Huesca for a final assault against rebel holdouts.

Loyal forces were declared to be advancing against Granada, occupying hills overlooking the rebel positions.

Rebels near Teruel in Southern Aragon who attacked government positions were driven off by rifle and artillery fire.

Rebels in the small town of Ordiva near Almeria were reported to be in a desperate situation.

Loyalist planes it was announced, brought down two rebel craft in the

MISS SANKEY HOME FROM EUROPEAN TRIP

Having completed a delightful trip abroad of about 11,000 miles, over land and sea, 5,000 miles of which was by motor, Miss Margaret Sankey has returned to her home on East Wallace avenue.

Miss Sankey left New Castle July 8, sailing from Quebec a day or two later. Her itinerary included the British Isles, England, the lake districts, North Wales, all through Scotland and the Trossachs, Edinburgh, Belfast, Ireland, and in fact all the most interesting places in that part of Europe.

Motoring, she and others in the group had the opportunity to see many very interesting spots in rural England and thereabouts, which are not usually visited by the ordinary tourist.

The party landed last Saturday at Montreal, returning on the Duchess of Bedford, and then motored from there down the St. Lawrence river route home.

Outing At Cochranton

At Cochranton, O., on Sunday, employees of the Lewis Permanent Wave shoppe in this city, had an all day outing which was keenly enjoyed.

The group was entertained in the home of Mr. and Mrs. Paul Kelley, games and informal entertainment following dinner at noon. At 5:00, awards were won by Miss Eva Alt-ridge and Mrs. Walter Ringer.

BUSINESS COLLEGE
Next Tuesday is the opening date of our Fall term. A great many ambitious young people have declared their intention of being with us for the opening day. Some of them have told us that they expect to bring other students with them, and there are still others who have not as yet decided, and we are especially asking the ones who have not decided to inform us some time this week as we shall be very busy on Monday and Tuesday. We are also asking the ones who have already enrolled to come to the college building next Saturday for the purpose of getting their books, paying their tuition, etc. In other words, it will be to their advantage to make such plans before Tuesday.

McCREARY FAMILY AT MILL CREEK PARK

S. P. McCreary of New Castle was elected president of the McCreary family organization when they gathered on Saturday in Mill Creek Park, Youngstown, for their 28th annual reunion.

The meeting was in charge of last year's president, Hazel McCreary Hammond, and she called the election of officers. S. A. McCreary was named secretary and Edwin A. Houston was elected treasurer.

Fifty persons gathered about a large table and were served a delicious picnic dinner previously, which was prepared by a most efficient committee. Games of various sorts filled the afternoon hours and prizes were awarded to the lucky winners.

Plans were made to hold the next annual reunion in New Castle on the same date in 1937. The newly elected officers will take charge of all arrangements in regard to this next event.

**NIXON-ARMSTRONG

MARIE FULKERSON HONORED BY SHOWER

Miss Marie Fulkerson was most pleasantly surprised when a group of about 45 of her friends gathered in the home of Miss Cecelia Dougherty on South Jefferson street recently, to congratulate her on her forthcoming marriage to Hugh Dougherty.

The marriage will be an event of Thursday morning of this week, and will take place in St. Mary's church.

Evening hours were spent with card playing, prizes being awarded to Mrs. E. F. Ryan, Mrs. Emmett Dagny, Mrs. F. J. Foley, and Miss Helen Capitola.

At a suitable hour the hostess served a most delicious luncheon and was most ably assisted by Mrs. Peter P. Capitola, Mrs. Harry Mieletti and Mrs. G. F. Lowers.

To climax the evening, the guests showered Miss Fulkerson with a number of very lovely and useful miscellaneous gifts.

**LOCAL GUESTS AT
SALEM, O., DINNER**

The dining room of the Methodist church at Salem, O., was the scene of a merry gathering on Sunday when Mr. and Mrs. J. E. Longshore entertained their children and grandchildren at a picnic dinner.

The group all joined in singing favorite songs, after the invocation which was given by W. A. Hanna. They then proceeded to do justice to the good food set before them, and after enjoying the excellent dinner, they spent the afternoon quietly visiting.

Those present were: Mr. and Mrs. J. E. Longshore, Salem, O.; Mr. and Mrs. E. A. Johnson and daughter, Mary Frances, Leesburg, O.; Dr. and Mrs. W. E. Longshore and children, Peggy Joan and Nancy, Orville, O.; Mr. and Mrs. C. M. Rose and son Tommy, Mr. and Mrs. W. A. AFTER TEN YEARS

DETAILS are not yet completely worked out, but the tenth anniversary of Charles Lindbergh's flight to Paris is to be celebrated in spectacular fashion.

The date will be May 21, 1937, and the principal event of the festival will be an international air race along the same route which Lindbergh followed in 1927. The young flier raced alone across the Atlantic for a prize of \$25,000. The French government now offers a prize of 1,000,000 francs, or about \$65,000, in a race which will probably attract contestants from all over the world.

It appears remarkable that aviation has waited nearly ten years for reliable trans-Atlantic air service since Lindbergh blazed the trail to Paris. It is claimed, however, that the long delay is no fault of aeronautical science. Commercial and diplomatic difficulties have stood in the way. Long air flights are a matter of routine over the South Atlantic and the Pacific.

In respect to distance and speed, Lindbergh's thirty-six-hour journey has been many times bettered. Modern planes can fly from New York to Paris, it is said, in twenty hours and reasonable safety.

It is rather fitting, however, that proof of aeronautical progress and achievement should be dramatized on the tenth anniversary of the most famous of all flights. A successful race on May 21, 1937, may mark the real beginning of the "air age" which was so confidently prophesied when Charles Lindbergh landed at Lee Bourget ten years earlier.

NEW HIGHWAY HAZARD

After several decades of relative inactivity, bicycling has hit the upcurve as a popular craze. The sale of bicycles, at all events, has jumped from 260,000 in 1931 to 750,000 in 1935, with prospects that this year's total will exceed 900,000.

An interesting feature of this industrial report is that women comprise 20 per cent of the buyers, whereas the percentage of feminine interest was but a third as great in 1931.

From the recreational standpoint, this is gratifying, for the sport is exceedingly wholesome. Highway and motor vehicle authorities may be expected to note this obvious trend of recreational interest and make adequate provision for the thousands of people directly concerned. The joys and benefits of cycling should not be stifled by the necessity of risking life and limb on congested arteries of travel.

ON KEEPING SWEET

For the most part policemen are jovial fellows displaying commendable patience, tact and understanding under conditions and climate that are less than heavenly. In their daily rounds they encounter more collective goodness than the average information bureau. Generally they meet it with restraint and often with a smile. Traffic cops in particular are sorely beset by the inanities of a world on wheels, and great is the strain of trying to control drivers intent upon mayhem or mass annihilation.

In the circumstances it is often hard to keep sweet. While most policemen are able to do so, there is a small minority who take peculiar delight in humiliating the unfortunate wretch who inspires their wrath. They roar at the hapless victim for some minor infraction and generally make themselves a nuisance. It was to this class that Police Commissioner Valentine addressed himself at the police graduation ceremonies in New York. He wants them to reserve their tempers for the crooks.

Rookies were advised to "be gentlemen with the decent people of the community," that the people who foot the bills have a right to demand courtesy, patience and efficiency. Discourtesy, he warned, might be cause for dismissal. This is good two-way advice. "Decent people" on their own might try being gentlemen, too. That goes especially for the overbearing breed that "knows the boss" and tries to intimidate cops who are only doing their duty.

LIFE'S RHYTHMS

With the closing of the vacation season people's efforts turn to the regular routine of life once more. Many gaze wistfully back to the days that are over in which change of scene and occupation gave the variety for which they longed.

Perhaps they dread the return of the regular work, be it study or home duties or business. There is an unrest sometimes, and a dislike of getting in the harness again. But it is astonishing how soon they can accustom themselves to the usual systematic duties and find a pleasure in overcoming the indolent ways of vacation. We are meant for activity and respond to its stimulus to a remarkable extent, as a rule.

The regular recurrence of the day's work, alternating between the active pursuits, the rest times, and the hours for recreation, all bring a sense of satisfaction to the normal person. His morning hours should find him with

"Strength for the daily task.
Courage to face the road."

as Henry Van Dyke put it, and a readiness to tackle the more difficult problems before him. Happy the person who takes advantage of a morning eagerness, and who does the hardest things before the later day brings a less active bent to his thoughts.

After all there is little of monotony in our every day lives. There is repetition to be sure, but enough variety in these very recurrences to give to the thoughtful and willing spirit, a sense of satisfaction. It is only by such experiences that growth is possible, and to grow is our natural destiny.

We are in harmony with the mighty universe and forming a part of the great sympathy of creation in which each has his part to play between the hours of infancy and old age. The sooner we conform to the rules of the great conductor and do our measures as His baton directs, the more beautiful our lives will become.

The frank friend who tells you things for your own good may be helpful, but so is castor oil.

The lie detector is all right if its use is confined to the criminal fraternity. Its danger lies in the possibility that it may become a household commodity.

He Flew Thirty Miles.

30,000 Peace Pigeons.

Dogs Foretell Future?

Best Telephone Voice.

By ARTHUR BRISBANE

LOUIS BLERIOT, dead of heart disease at the age of 64, might well have died much earlier of the same disease. He was one of the first really active engineers interested in airplane development and he was the first man who ever flew across the English Channel.

Bleriot won a prize offered by Lord Northcliffe of The London Daily Mail when he made that "incredible and desperately dangerous flight" of 30 miles.

He piloted a small monoplane, equipped with a 22-horsepower engine, across the channel in a little more than half an hour. With man flying over that "vast expanse of water" some took flying seriously that had not done so before.

This happened less than 27 years ago. Bleriot's death and these reminders ought to make the United States government take a very serious interest in flying.

What Bleriot did with his 22-horsepower plane, flying 30 miles across the waters of the English Channel, Europe or Asia could do with planes of 1,000 horsepower and more, flying across either ocean.

IT WAS a very interesting idea, in connection with the recent Berlin Olympic games, to release 30,000 pigeons "to carry its message of peace to the world," as Chancellor Hitler began his speech of welcome. Nobody knows exactly where the pigeons went; but the wise ones, undoubtedly, flew as far as they could, rested awhile and then flew farther. No part of Europe at this time offers any very safe roosting place for a peace pigeon.

ENGLAND has been reading some wonderful dog stories tending to show not only great intelligence but power to foretell future events.

Sir Henry T. Holland, head of the Mission Hospital at Quetta, India, where a terrible earthquake occurred recently, had a dog which literally pulled him out of bed 32 minutes before the earthquake began, and saved his life. He supposed it was burglars and went out of doors. He was out when his house fell in.

A royal veterinary college expert, informed of the Quetta incident, said:

"Dogs can always sense an impending catastrophe. They can even tell what sort of weather is coming, but we still have no idea how they know." The answer to that is that they do NOT know anything more than those that guess at the weather.

A London lady "was roused from her bed by her dog, Turko. She went downstairs, wandering around to see what happened. When she returned her bedroom was filled with gas from a broken pipe. Without Turko's remarkable intelligence she would have died."

One gentleman knew a dog that refused to cross condemned bridges or dangerous floors, and another knew a blind sheep dog that "for the first time in its life refused to answer its master's call. It knew its master's call. It knew that an inspector, who had come to destroy the dog, was with the master."

All interesting, remarkable and important, if true. But, unfortunately, no dog predicts earthquakes or weather or knows that gas is going to leak. Sometimes their owners quite sincerely imagine such things; more often they invent them.

WHAT TELEPHONE girl in America has the softest, most beautiful, most easily understood voice? That question was asked in England and a Miss Cain won the competition arranged by the British post office which owns British telephones and telegraph.

The finest voice having been selected, a robot was manufactured to imitate that voice by phonographic process.

Now, when you want to know the time in London, you dial "Tim" and the soft voice of Miss Cain, perfectly reproduced, tells you "at the third stroke it will be four twenty-seven and fifteen seconds."

England's "Tim" means one more job taken by machines.

Now the beer can is causing a lot of trouble with the garbage collectors in some places. It seems the beer cans will not burn up very well in the incinerating furnaces. If cans could be made out of something good to eat wouldn't it be great. Then all one would have to do would be to cook the can and all in the case of beer the can could be sort of a limberger cheese sandwich.

THE TOAD'S PROTECTION
Snakes, birds of prey and skunks are the only creatures that toads need fear, according to the Biological Survey. Other animals never consider them as a meal because of the poisonous milky fluid secreted from the glandular lumps behind the toad's eyes. One bite is usually enough to teach a dog or any carnivorous animal his lesson. The skunk, however, is a bit more resourceful. He rolls and tumbles the

toad around with his paws until all of the poisonous fluid has been discharged and rubbed off. Then he eats him. Birds avoid the poison and snakes apparently don't mind it.

Good Taste

By FRANCINE MARKEL

DEAR MISS MARKEL: My parents' home is several hundred miles from here, where I am employed. My fiancé, who lives here, has a very large family and would like to have them all attend our wedding. For these reasons, I have been thinking of having the ceremony take place at the home of my fiancé's brother, in this city. Should my father give me any?

GERTRUDE.

Answer: You really should, if possible, be married in your parents' home. The wedding should not be held at the home of your fiancé or any member of his family.

If you have a "wedding" with invited guests and attendants, you should have your father give you away. Of course, if you wear traveling clothes and have only two attendants, you may walk alone.

If you cannot go home for your marriage, it should be held in a church and if there is any reception it should take place in the home of one of your own friends or relatives or in a hotel.

DEAR MISS MARKEL: If a wedding takes place in the early afternoon, may the bride wear a long satin dress and a lace veil?

BETTY.

Answer: A bride may wear a long dress and a veil regardless of the time of day her wedding takes place. An elaborately-made satin dress and a lace veil are formal attire for either an afternoon or evening bride. The bride who is married in the early morning should wear a tulle, rather than a lace veil, and it should fall very little below the hem of her full-length dress.

THE UNGENEROUS GOLFER
He's a very generous person and no proof of that I lack. Should I ask it he would gladly give the shirt upon his back.

He will give me fancy neckwear, give or lend me books to read. I am certain he would give me anything I chanced to need.

He is gracious, friendly, kindly and a thoughtful comrade, but there is one thing he won't give me—there is a simple two-foot putt.

I am sure he'd give me money should I tell a hard luck tale. If I ever got in trouble I am sure he'd go my bail.

There is naught that he possesses that he wouldn't lend me share. Should I need a trip to Europe I believe he'd pay my fare.

Were I cold or wet or hungry he would feed and clothe me, but when we're on the green together he won't give a two-foot putt.

I have seen him on occasions bravely share another's woe. From those eyes so warm and tender I've seen tears of pity flow. And I marvel and I wonder as my ball is resting there That from orbs so soft and gentle there can come so cold a stare. Hard and merciless he eyes me as his mouth stays tightly shut; Though I look to him for kindness he won't give a two-foot putt. (Copyright, 1936, Edgar A. Guest.)

Seek Pardon For Chilton

Defenders Succeed In Preventing Extradition From Ohio To Oklahoma

(International News Service)

COLUMBUS, O., Sept. 1.—Carlton B. Chilton's defense committee, successful in preventing his extradition to Oklahoma, served notice today it will fight for a pardon for the 41-year-old Cleveland, who has led the life of a model citizen since escaping from a Granite, Okla., reformatory 23 years ago.

R. L. Kroesen, prominent Cleveland business man who organized the defense committee, said several members would go to Oklahoma soon to ask Gov. E. W. Marland to pardon Chilton.

Their faces wreathed in smiles, Chilton, his wife and their 16-year-old son thanked Gov. Martin L. Davey of Ohio for refusing to honor the Oklahoma requisition and left for Cleveland to resume their normal life, interrupted on July 24 by the husband's arrest as an escaped prisoner.

In refusing to send Chilton back to Oklahoma to finish a two-year sentence for bank theft committed when about 17 years old, Governor Davey said:

"If the intention of a penal institution is to reform it is clear that when a man reforms himself he has done an infinitely greater job. This man is not a criminal by nature. A long time ago Christ said, 'Go and sin no more,' and so the request is denied."

Whether the state of Oklahoma will attempt to compel Davey to honor the requisition for Chilton was undecided as Owen Watts, assistant general attorney left here to report to Gov. Marland. It was understood federal court mandamus action was being considered.

Both Parties Charge Political Coercion

(International News Service)

WASHINGTON, Sept. 1.—Unrelated, but closely similar, charges of political coercion of workers by Democrats and Republicans alike were aired in the capital today.

The report of David L. Lawrence, secretary of state of Pennsylvania, to the senate campaign expenditure investigating committee that two large steel corporations were "intimidating and coercing employees politically" resulted in dispatch by Senator Lonergan (D) of Connecticut, committee chairman, of Investigator Louis R. Glavis to

Pittsburgh to study evidence gathered by Lawrence.

Simultaneously from Republican national committee headquarters the administration was assailed for threatening relief workers that "if Landon is elected, all WPA relief work will stop."

"New Deal party political bosses are threatening relief workers with loss of their WPA jobs and the wiping out of all WPA projects if they vote for Gov. Alf M. Landon, Republican presidential nominee."

The committee offered documentary proof gathered by investigators in support of their charges.

Holder Of Lucky Number Brings Suit To Recover

Mary Pecoraro Sues Theater For \$270 Under Profit Sharing Plan

Mary Pecoraro of Ellwood City has filed a suit at the prothonotary's office against The Monessen Amusement Company, in which she demands that the company, which manages the Manos Theater in Ellwood City, pay her \$270 in accordance with a profit sharing plan announced by Herbert Buckheit, manager of the theater.

It is claimed that the theater announced a profit sharing plan for its patrons, drawing to be made bi-weekly. A "regular patron" according to the plan was to be a person who attended the theater each of two days weekly. There was to be a "bank note" in which drawings were to take place.

In order to qualify for the profit sharing plan a patron had to register his or her name. The patron was then given a number, which was to figure later in the drawing. Plaintiff claims that not being able to write, she had requested another person to write her name for her in registering.

Prior to August 21, 1936, it is claimed that there had been set apart under the plan \$270 to be distributed to the holder of the lucky number on "bank note". When the drawing was held Mary Pecoraro held the lucky number, she demanded of Herbert Buckheit, the manager, that she be paid the \$270.

She claimed that he refused to turn over the money to her on the ground that her name as written in the register was not in her own handwriting and that there was a variation in the spelling of her name. She claims that she held the right number and that the money is being wrongfully and fraudulently withheld from her.

Course Trains Group In Library Operation

State-Federal Study Stresses Clerical Side; Miss Sines In Charge

Taught by a qualified librarian, a vocational study class now functioning here is training a group of young women in the many phases of library clerical work.

Sponsored jointly by the state and federal governments, through the Pennsylvania department of public instruction, the course is one of several now being conducted for New Castle young men and women. It is not a WPA project.

Supervising the library clerical course is Miss Reba Sines, a graduate of the Carnegie Library school at Pittsburgh. Miss Sines teaches her class of six at East street Administration building of the school district and uses the Free Public Library, with the full cooperation of Miss Alice M. Sterling, librarian, as the "laboratory" for the course.

Book repairing and binding is a part of the class work but the more important study has to do with book operation.

Miss Sterling said today the course will train the group to handle library work anywhere in the United States at the conclusion of the six-week study.

Taking the course under Miss Sines are Virginia Wilson, Rita Metz, Betty Woods, Eugenia Matt, Virginia Cook and Mary Irene Taylor.

New Red Army Class Called

(International News Service)

MOSCOW, Sept. 1.—The entire class of 1914 and half of the 1915 class of the red army here were called to the colors today in a move which surprised foreign observers.

An official announcement of the action gave no explanation, stating merely that owing to widespread military training of civilian youth after working hours many of those called up already are skilled soldiers.

Two Children Burn To Death

(International News Service)

MANSFIELD, O., Sept. 1.—Two small sleeping children were burned to death today when fire from an overheated kitchen range destroyed the farmhouse of Clyde Cole, near Plymouth.

The dead were Donald 3, and Leona, 18 months, the Cole's children. Their parents were away when the overheated stove ignited the house.

Mrs. Dolly Gann Issues Attack On New Dealers

(International News Service)

ROCHESTER, N. Y., Sept. 1.—Mrs. Dolly Gann, sister of the late Vice President Curtis, sharply assailed the Roosevelt administration as a virtual dictatorship in a speech before the Rotary club of Rochester today.

She declared "the day of reckoning" is only a few weeks away and predicted the New Deal is headed for a "tryst with defeat."

The New Dealers, she said, have abdicated to themselves "autocratic powers."

Business Ruined.

"Business has been regulated and regimented, and all but ruined by the government's interference and competition and by the strangling taxes imposed by the Roosevelt administration upon it," Mrs. Gann continued.

No wonder business—large and small—hesitates to embark upon any sizeable program of expansion. It is afraid.

"Mr. Roosevelt says there is nothing to be afraid of but fear, but when the country has been pilloried by government agencies men would be less than human if they were not afraid."

Family Of Four Are Found Dead In Burning Bed

Father, Mother And Two Small Children Are Found With Bullet Holes In Head

(International News Service)

CARBON HILL, Ala., Sept. 1.—A family of four—father, mother, and two small children—were found shot to death in a smoldering bed at their home at Howard Mines, four miles south of here, today.

The victims were Mr. and Mrs. Marcus Studdard, Kathleen Studdard, 6, and Shirley Studdard, 5 months.

Neighbors discovered their bodies when they broke down a door to investigate the source of smoke issuing from the house. All had been shot through the head.

Although no inquest has been held, Sheriff H. G. Mitchell expressed belief the tragedy was murder and suicide.

Legion Band Gets Second Place Honor

Made Fine Showing In Competition At State Convention At Johnstown

Word was received today from the Legion headquarters in Harrisburg, Pa., that the Junior band of Post No. 343, American Legion, the local post, had been awarded second prize in the junior band competition held during the state convention in Johnstown. First place went to Hastings, Pa., with a score of 86.1, while New Castle's score was 85.35.

The winning band apparently won because of a trifle more perfection in detail as to dress and incidentals in the matter of quality of performance it was said in Johnstown that New Castle's band was easily the best. The bands were judged not alone on performance but on appearance and some slight deficiencies in this seem to have lost New Castle first place.

It's True—The Average Man healthy and well nourished, can live 60 to 75 years without food, provided he is not exposed to severe cold, avoids physical work and keeps his mental calm. This was determined by Prof. A. J. Carlson, University of Chicago, in researches which made the so-called "hunger strikes" of Gandhi comparatively harmless.

Mr. Smith takes exception to the statement made here that ice is an exception to the law that heat expands and cold contracts. "I was taught that it was not an exception. In freezing, the molecules in water take a different form, permitting more air space between them. The water actually contracts in freezing. The example was given: Suppose a box evenly filled with clay cubes. If molded into balls they will more than fill the box though the same amount of clay is used."

Tyndall established that in the case of water, contraction by cold ceases and expansion by cold sets in at 39 deg. F.

James A. Dale, Nashville, Tenn., takes exception to Peter Paul Rubens, the great Flemish painter, being identified as a Protestant. "He was a Roman Catholic. In keeping with the error concerning his religious faith that has persisted down the ages, statues have been made with his left foot on the Bible. These statues have been puzzling to art symbolists."

Americanism: (1) "Why should hitch-hikers ride free in a car I paid for?" (2) "Give me relief and let the rich pay for it."

Oyster Schooners Leave For Beds

(International News Service)

BIVALVE, N. J., Sept. 1.—Swinging out into the bay at a blast from a state vessel, a flotilla of 200 oyster schooners left here today for the oyster beds which represent an investment of more than \$25,000,000 and cover approximately 30,000 acres of Delaware Bay.

The state boat, Firmin H. Reeves, led the parade of craft to the oyster beds to see that no crews started dredging until daybreak.

Many of the oyster beds have not been worked for two or three years because of the poor condition of the market.

With meat at a high price, skipper are predicting one of the best seasons in years. About 1,500 oystermen man the schooners which will play back and forth to the oyster beds until May again brings an end to the months with an "R" in their spelling and consequently an end to the oyster season.

Men Outshine Women In Driving Of Autos

Women Drivers Are Found
Not As Careful As Men
In Handling Of Cars

Average Woman Is Not As
Emotionally Stabilized
As Males, Survey
Shows

(Editor's Note: Men are better drivers than women, and are more courteous, says Prof. John S. Worley, University of Michigan traffic expert, now conducting a survey in the motor city designed to reduce "traffic slaughter." Prof. Worley deals with this old controversy in this first of a series of three articles through International News Service.)

By PROF. JOHN S. WORLEY
As Told To International News Service

DETROIT, Sept. 1.—Women are not as good drivers as men. While aware of the long drawn out controversy over the relative merits of men and women behind the wheel, it is my opinion after much informal research that women have not reached the perfection of their brothers in the handling of motor cars.

My findings are based on the only actual test ever made of the relative merits men and women drivers. It

was recently conducted by a New York taxicab company. The firm hired both men and women drivers to operate its fleet and after careful analysis and check-up of mileage driven by the two groups arrived at that very definite conclusion.

That is not to say all men drivers are better than women drivers. In fact, in many cases quite the opposite is true. Michigan's "safest driver" recently picked to compete in a national safety contest was from the ranks of women. However, that was an individual case. Not all aviators are Lindberghs.

We have discovered that the average woman is not as emotionally stabilized as the average man, and is more apt to do things by ungrounded impulse.

Few Fatal Accidents
It is for the same reason that women who have entered many or practically all fields of endeavor engaged in by men, will never—as a group—dominate in any of them.

The contention is refuted by statistics prepared by states collecting such data, in which it is disclosed women drivers are involved in only 6 per cent of all fatal traffic accidents as against 94 per cent for men.

But these statistics are rendered valueless, due to the fact it has never been taken into consideration the number of miles driven by men and women and the relative accidents of each. Then, too, it is a well known fact that there are more men than women driving.

Critical Speed
In cases we have studied, it was found women drivers do not possess the sense of "critical speed" found among men. By "critical speed," I mean the ability of drivers to know how fast they should go at a particular time in a given environment. It sounds simple. Yet, it is the most important factor in creating traffic safety.

It is this factor of "critical speed" that differentiates between the speedy and reckless drivers. A speedy driver takes his time in congested areas and regulates his speed on open roadways to meet conditions. The reckless driver is merely bent on one thing—"getting there"—and in so attempting, he risks injury to life, limb and property of other drivers and pedestrians. The reckless driver has no sense of "critical speed."

(Tomorrow's article, Prof. Worley discusses "Pedestrians.")

GUARANTEED RELIEF FROM CONSTIPATION

Common constipation is usually due to meals low in "bulk." Pills and drugs give only temporary relief. The sensible thing to do is to put "bulk" back into your meals.

Millions of people get this needed "bulk" in a delicious cereal: Kellogg's ALL-BRAN. Its "bulk" is much like that in leafy vegetables. Within the body, it absorbs moisture, forms a soft mass, gently cleanses the system.

Some years ago, an investigation was made among thousands of ALL-BRAN users. 98 per cent found it satisfactory. Only 2 per cent had the type of constipation that would not respond to ALL-BRAN.

ALL-BRAN is guaranteed. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Just eat two tablespoons daily, either as cereal or in cooked dishes. ALL-BRAN is sold by all grocers. Made by Kellogg in Battle Creek.

Questions and Answers for Bright Motorists

Q.—Why was the Toms River Road Test important? A.—For the first time in history, six stock automobiles were driven 100,000 miles apiece, without carbon removal or repairs to any lubricated engine parts. Q.—What products made such amazing results possible? A.—Atlantic White Flash, Atlantic Motor Oil, and Atlantic Lubrication. Q.—What does that mean to ME? A.—It means that you can get the same results, if you will start your car, when new, on Atlantic Products; and then obey the traffic laws as to speed, and the instructions of your car's manufacturer as to maintenance. Q.—What if my car is old? A.—Naturally, you can't expect even Atlantic Products to restore metal that is already worn. But you will find that they all but stop future deterioration, and give you far better performance than you've ever had before!

AROUND CITY HALL

Pension fund for police, now decided upon, will be kept up by the city and the police. Each year the city will appropriate a certain amount of money and the police will contribute not more than three per cent of their wages to help swell the amount. The fund will be handled by a board of trustees which consist of council. No provision has been made for having any police representatives on the board. The rules and regulations will be mapped out soon.

Mayor Charles E. McGrath said today that the four men now undergoing training at the Hershey school of the state police will not take up their duties here until November. They were sent there for

a four months course. He said that they have had two months instruction.

Council will act Thursday on a bill calling for several hundred dollars salary which Paul Marakas claims is due. He was employed months ago to collect delinquent taxes. The city agreed to pay him five per cent and has been doing so. During the past month or more he has contacted persons owing large amounts and his five per cent will net him about \$300. A majority of council believe that had he not personally contacted these persons the payment would not have been so prompt. Indications are council will honor the bill.

Council yesterday received a bill from the Interstate Amiesite company for slightly more than \$7,000, for amiesite furnished for the resurfacing and paving of streets. According to council about 125 tons per day is poured on streets undergoing improvement.

Miss Alice Reese, clerk in the prothonotary's office, has returned after a vacation spent with friends in Erie.

Mrs. Winifred James, librarian, is spending a vacation at Clarion, Pa. During her absence Court Clerk Clifford Vance, is looking after her work as librarian.

Registration Clerk, Thomas Edmunds, calls attention to the fact that many of those who come to change their addresses on the registration books, fail to bring their naturalization papers with them. This causes delay in making the changes. Voters have only until September 3 to make the necessary changes. New registrants have until October 3.

New carpet in court room No. 1 was used for the first time at sentence court held yesterday. Janitors Clifford James and E. C. McCracken, worked until late Saturday night getting the room ready. The new carpet covers all the space around the bench inside the railing. The color is "rust", probably so called from the fact that it somewhat resembles the rust on iron. It is well padded and footsteps are noiseless.

Sixty instruments of all kinds were entered at the register and recorder's office last week. Of this number twenty-six were deeds and thirteen were mortgages. Six of the mortgages were given to building and loan associations, three to trust companies, one to the Federal land bank and three to individuals.

Office of County Treasurer, Joseph H. Hartland was crowded Monday with eleven hour taxpayers who wanted to get their money under the wire wickets at the face of their taxes. Beginning today, a penalty is added, Treasurer Hartland reports that there has been an increase in the amount of money taken in as of this date, compared with last year. There are quite a number of taxpayers who are also taking care of their delinquent taxes.

Registration Clerk Thomas Edmunds announces that one more day on which the office will be kept open evenings, has been added to the list originally announced. The office will be kept open on Monday, Tuesday, Wednesday and Thursday evenings, in order that everybody who has moved, and who are not able to get to the office during the day, may have a chance to register changes of addresses.

In the case of the Jose S. Rice Company, use of J. Ford Fulkerson against Sherman K. Levine, administrator in the estate of Revillan T. Wick, motion to continue time for filing a reply to defendants affidavit is extended to the first Monday of October, on motion of the plaintiff. It is alleged that the affidavit of defense sets up new matter including a counter-claim, and as the plaintiff is in the west, the reply cannot be filed within the customary fifteen days.

North Dakota Is For Landon Says Governor

(International News Service) TOPEKA, Kan., Sept. 1.—Gov. Alfred M. Landon will carry North Dakota, despite President Roosevelt's "non-political visit," Gov. Walter Welford declared here Monday after a visit with the Republican nominee for president.

Landon and Welford conferred for an hour on farm relief problems. After the conference, Welford declared Landon had a comprehensive understanding of agricultural issues. "The North Dakota governor declared himself in 'wholehearted accord' with Landon's program for farm relief."

"I believe," the North Dakota governor said, "the farmers of the northwest, after they study the Republican platform and the definite pledges made therein, will agree that it offers the solution to their immediate problems."

Three Lane Highway Urged By Motor Club

In a resolution adopted by the board of governors of the New Castle Motor Club, the county commissioners are asked to take steps to secure a three way highway from the end of the present three way on route 422 to Parkstown Corners. It is understood that the state department of highways has made the money available if the commissioners will secure releases from the property owners.

The resolution follows: WHEREAS: It has been known that the Pennsylvania Department of Highways has set aside a sum of \$100,000 for improving United States Highway Route No. 422 from a point in Union township where the present three way highway ends, to a point west and near Parkstown Corners, and

WHEREAS: It is understood that the board of county commissioners of Lawrence county are delaying this much needed improvement by their lack of co-operation in the matter of getting damage releases and in establishing what damages the county is liable for, and

WHEREAS: A continued delay upon the part of the county commissioners will result in the county of Lawrence being denied a three way highway in a district where it is vitally needed. Therefore,

BE IT RESOLVED: That a board of governor's of the New Castle Motor Club, met in session Friday evening, August 28th, 1936, protest the apparent unnecessary delay of the county commissioners and that the board of governor's urge upon the county commissioners the necessity of immediate action if Lawrence county is to receive benefits it has long desired, and further

BE IT RESOLVED: That a copy of this resolution be transmitted to the secretary of highways, the Honorable Warren Van Dyke, Harrisburg, Penna. To the superintendent of highways of Lawrence county, Mr. John Shaw. To the county commissioners of Lawrence county at New Castle, Pa., and the New Castle News.

The board also accepted the resignation of President Ralph W. Bolsinger who has been promoted in the service of the National Radiator Corporation. A nominating committee consisting of L. G. Genkinger, George W. Muse and Orville Potter will submit a candidate for the office to the board.

California Man Gives First Of Three Sermons On Monday Evening

Rev. O. E. Phillips of the Biblical Research society, Los Angeles, Cal., on Monday night gave the first of three lectures dealing with the extensive development now going on in Palestine. He took his audience for a tour of the world with the society.

Tonight and Wednesday night at 7:30 o'clock he will describe the development of Palestine as foretold by the prophets. Beginning Thursday night Mr. and Mrs. Maxwell Harvey, formerly with Dr. Leon Tucker's musical messengers, will appear at the tabernacle to open a five-day series of meetings. Mr. and Mrs. Harvey will begin each service with an elaborate musical program, using ten different instruments, including the piano, accordion, violin, chimes, marimba, vibraphone, cow-bells, harp and so forth.

This couple had charge of all the meetings at a recent summer conference in Bible School Park, N. Y. Rev. S. E. Lewis, well known evangelist and Bible teacher from Birmingham, N. Y., brought a two weeks series to a close Sunday with three splendid sermons at the Calvary Gospel Tabernacle, East New Castle. At the last service the large audience formally expressed a desire that Rev. Lewis return for another series of meetings sometime in the future.

Capt. Rowland, At Rotary, Urges Citizens To Vote

Calling upon the citizenry of New Castle and of Lawrence county to do its duty by voting, Capt. Roger W. Rowland told New Castle Rotarians in a non-political luncheon address Monday that "to get a true cross-section of public opinion you must first get a cross-section of voters."

"The Responsibilities of Citizenship" was the topic of Mr. Rowland's address. He was presented by Fred L. Rentz as "one who has been identified in this community with everything worth while."

Mr. Rowland, the president of the New Castle Refractories and New Castle Hot Top Companies, is the present Republican county chairman. However, his address yesterday was delivered only in the name of good citizenship.

"Need Cross-Section Of Voters" "I'm satisfied," said the speaker at the close, "that if we get a good cross-section of voters out to the polls, we will forever keep from our land Communism, Fascism, Nazism and those other things and

For the Rotarians, William J. Caldwell spoke. He paid warm tribute to Bolsinger as a loyal Rotarian, a diligent past president of Rotary and as a citizen who has served this, his community, in a variety of ways.

Mr. Bolsinger responded briefly after Mr. Caldwell had presented to him a framed certificate of appreciation.

Earlier in the program yesterday the Rotarians enjoyed a humorous recitation "At the Ball Game," by C. S. "Sid" McKay, a St. Cloud, Fla., resident who is now vacationing here. Mr. Rentz also introduced him.

Earl McDonald Dies At Warren

Word was received here today of the death of Attorney Earl McDonald, of Warren, Pa., a son of the late Rev. J. C. McDonald who at one time was pastor of the Epworth Methodist Episcopal church. FISCAL POLICIES FACE REVISION NEXT YEAR

Special Laws Will Expire

Must Be Renewed Next Year To Be Continued In Force

MANY RECOVERY MEASURES AFFECTED

By ERIC FRIEDHEIM
International News Service Staff Correspondent

WASHINGTON, Sept. 1.—The administration's financial policies are expected to undergo considerable revision at the next session of congress even if President Roosevelt is re-elected.

With virtually all of the special monetary powers vested in the chief executive terminating by law in the early months of 1937, treasury reports today conceded the possibility that several of these powers would not be continued.

Authority Must Be Extended
Unless congress enacts further legislation, the president's right to vary the gold content of the dollar between 50 and 60 percent of the former standard; to fix weight of the silver dollar at a ratio in relation to the gold dollar; to provide for unlimited coinage of gold and silver at the ratio thus fixed; and to utilize the \$2,000,000,000 stabilization fund as support for the dollar in foreign exchange, all will expire Jan. 30, 1937.

The administration, should it be returned to office, also will confront the termination of numerous other legislative powers enacted several years ago as part of the recovery program.

Under existing statutes, the president will be short of his right to enter into reciprocal trade agreements with foreign countries after June 12, 1937, while a large list of "nuisance" taxes, including the levy on gasoline, expires by the end of next July.

Require Renewals
Other acts requiring renewal include the insurance of new modernization loans; financing of electrical equipment sales by the electric farm and home authority, and the right of the federal reserve notes with collateral security in the form of obligations of the United States.

government, instead of commercial paper arising from business transactions of a quickly self-liquidating character. In addition, the RFC after Feb. 1 cannot undertake any new business transactions.
Alterations in the administration's silver program was deemed likely. The commerce department recently observed that the huge purchases of silver had had "no effect whatever" in promoting recovery. The treasury now holds \$1,237,000,000 in silver assets, an increase of more than \$750,000,000 since 1934.

Maine Election On September 14

Jefferson Democrats To Campaign In Maine Before Election

(International News Service)

ST. LOUIS, Sept. 1.—Quoting the old maxim, "as Maine goes in September, so goes the nation in November," Sterling E. Edmunds, national secretary of the National Jeffersonian Democrats, political organization formed to oppose re-election of President Roosevelt, announced here today that the organization will open its speaking campaign in Maine this week.

Edmunds said a number of prominent speakers, including former United States Senator James A. Reed of Missouri and former Gov. Joseph B. Ely of Massachusetts will be sent into Maine at the request of Jeffersonian Democrats in that state. The first of a series of meetings to be addressed by the speakers will be held at Portland on Sept. 3, Edmunds said. The Maine state election is Sept. 14.

Union High School Preparing To Open

Two new teachers have been named to fill vacancies at Union township high school when the new term begins on Tuesday, September 2. Joseph Thompson will begin his duties as science teacher, taking care of a vacancy created by the resignation of Wilbert Leonard, who accepted a post at Barnsboro, Pa. Robert Cowher will teach English in the position of Miss Margaret Tucker, who has resigned.

The regular force of janitors has been working for the past two weeks preparing the school for the opening. Five rooms in the building have been painted and all books, desks and rooms have been cleaned thoroughly.

Principal Roy F. Conway has called a teachers' meeting for Saturday morning at 10 o'clock in the school. At this time schedules and instructions will be delivered to the teachers.

Bus Routes Changed At Shenango School

It was announced today that a few changes would be made on the bus routes for the students who attend the Shenango township school this term.

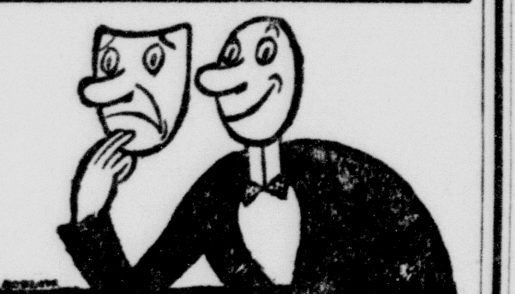

All of the routes will be the same as last semester except the following: Pupils living on Center Church road will meet their bus at Miller's garage, and persons residing on the Weigeltown road will get their bus at Shaffer's garage. Those students who live in Clifton Flats will attend the Shenango-Taylor joint school with the exception of the 8th grade, which will attend the consolidated school. Eighth grade pupils will secure their bus at the same point as last year.

Paving Petitions Given Council

Petitions were presented to council Monday requesting the paving of Lutton street between Mercer and Moravia streets and Hanna street between Sharp street and Balph avenue.

According to a check made by the city engineer a majority of property owners on both thoroughfares favor the improvement.

The type of paving sought is a stone base and amiesite top. The petitions were referred to committee.

Syrian Feast Draws Throng

Several Thousand Persons Share Program At Willow Grove, Sunday

Syrian-American residents throughout the district gathered at Willow Grove, Sunday, to observe the feast of St. John the Baptist, which was sponsored by the St. John the Baptist Syrian church, under the direction Rev. Nader, pastor.

The throng present shared a most interesting program. During the course of the day, interesting addresses were delivered by Rev. Elias Nader, Shiben Kadair, of Pittsburgh, Mrs. Jennie Abraham, of New Castle, Joseph Kour, of Canton, Tufic Sadi, of Youngstown. Musical selections, which appealed to the large crowd, were offered by Amin Haddad, of Pittsburgh, and George Barberry. One of the features of the program, was a weight lifting exhibition by Joseph George, of this city.

Madeema Moses, of New Kensington, who sang several selections in Syrian, scored a decided hit. Mrs. William Isaac, of this city, also pleased the gathering with several selections. Many guests of this city, were special guests. William Ingham, of R. F. D. No. 5, was awarded first prize.

Saturday morning a mass was celebrated in St. John church, Howard way, in conjunction with the feast. The event was a marked success.

New Teachers For Shenango Township

When the new term at Shenango township school opens next week five new teachers will take up vacant positions being caused by the resignation of a number of teachers.

The following are the changes which will occur: Alfred Barnes will replace Ronald Brown, who has received a teaching post at Ford City; Helen Weigle will take the post of girl's health education instructor in the place of Frances Mills who has resigned. Through the resignation of George Phelps, who accepted a scholarship at Duke university, Frank Nocera was transferred from the grade school to the high school, and Mary Leslie was named to take his place in the grade school.

J. W. Stoup will take the place of Mina Thompson who resigned, and Mable Campbell will take the post of Martha Swisher, who also resigned.

Tomorrow at 1:30 in the school a teachers' meeting will be held at which time instructions will be given regarding the opening of the school.

THE PARENT PROBLEM

By Garry C. Myers, Ph. D.

SLEEPWALKERS OFTEN HURT

There is an old superstition that a person walking in his sleep is physically safe. He is not. Every now and then the press reports a bone-fide case of a death from falling during sleepwalking. It may be true, however, that in the same dangerous situation the sleepwalker is more safe than he would be while awake, being less distracted, presumably, by the usual fears.

Many psychiatrists assume that curing of sleepwalking (somnambulism) is best effected by mental treatment or the patient while awake. No doubt some cures are effected in this manner. Certainly it should do no harm to look into the behavior and experience of the

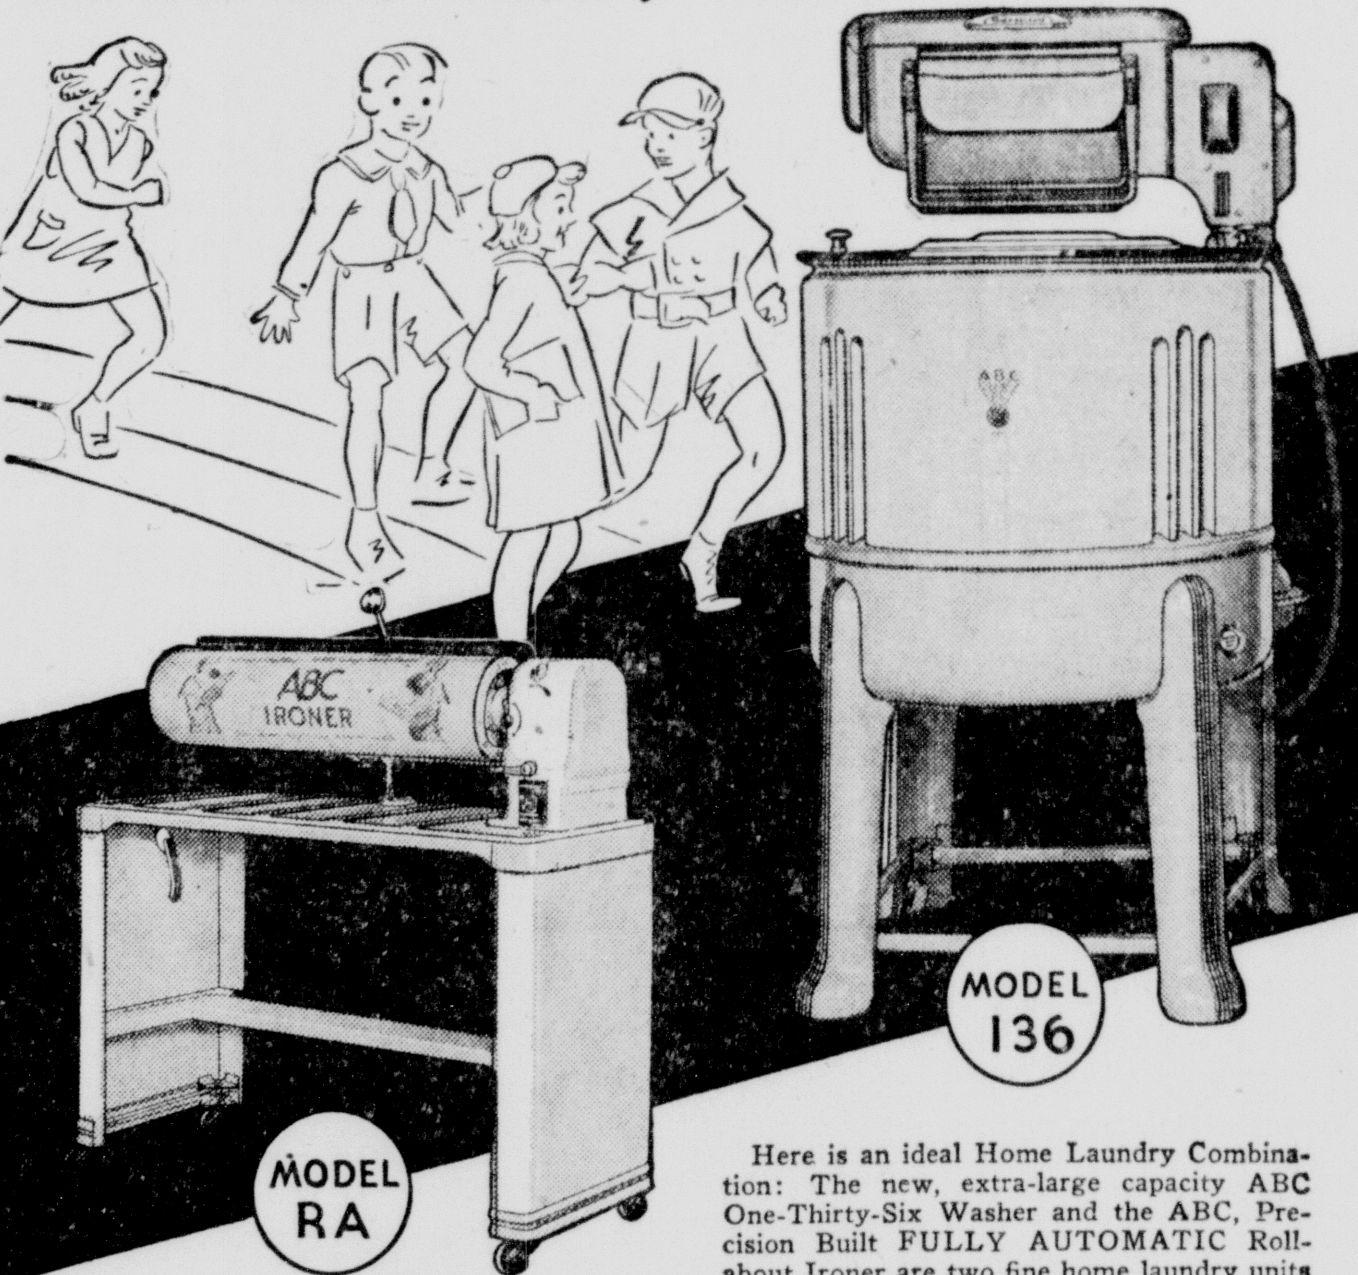

somnambulist and remove all possible worries and emotional disturbances from his daily wakeful life. As for children under 10 or 12 who, upon examination by a competent physician, are found to have hearts that are healthy physically, a shock treatment is probably the surest and simplest cure. Better not employ it except on the advice of your physician.

Suppose you have a child who has been carefully checked by your physician and found physically sound, who begins prowling about in his sleep. A dash of a pail of cold water upon him, or a good whack on his anatomy with a razor strop, and just one shock of this sort, might do the trick. The only two cases

PENNSYLVANIA POWER COMPANY

I have known well have been treated in this fashion. Though they were chronic sleepwalkers, they never walked in their sleep again.

Walks On Ice
The one was a nurse. Her roommate set several washbowls by the bed with large cakes of ice in them. When the nurse rose in her sleep to walk about, here bare feet pressed upon the ice—o-o-o!—and the shock was permanently effective. In the other instance, the boy of 15 had his last sleepwalk on the night when a single lusty whack of a razor strop shocked him into waking.

May I urge my fellow parents to keep their children away from buildings under construction? Although it is great fun for runabouts to play games of chase and hide-and-go-seek about a brick or lumber pile and to climb among the framework, the physical hazards are very great. Greater still the moral hazards, since the children are trespassing, much to the annoyance of the owner of the property. We owe it to our children to teach them to respect the rights and possessions of others.

Open Truck Bids In City Council

Council met in the city building Monday where the city clerk opened and read truck bids to council which proposed to buy a truck for the garbage department. Some bids were for a 1 1/2-ton truck and others for a 2 1/2-ton truck. The bids ranged from \$846 to \$1,678. Firms which presented bids were Perry & Snyder, Rick Motor Car company, Mahoning Auto company and Francis Motor Car company. Chevrolet's bid was rejected, a check which according to advertisements placed by the city not having been signed. The bids were referred to Councilman J. M. Rice, Councilman J. D. Alexander and City Mechanic Charles Colnot.

Police Pension Measure Will Become Effective

Council met Monday in the city building and decided to put the police pension ordinance into effect soon.

The ordinance will become effective September 5 when the police receive their next pay.
The city provided \$2,280 as its share toward the pension fund when the budget was compiled.

Police will each contribute approximately three per cent of their wages monthly to the fund. A resolution authorizing the city treasurer to deduct the money from police wages will be passed at Thursday's council meeting.

WASHINGTON AT A GLANCE

Cabinet May Be Liability

Nominal Holders Of Portfolios Have Been "Mere Clerks" For Most Part

FARLEY PROVES WEAKEST SPOT

Central Press
Washington Bureau
602 Times-Herald Bldg.

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, Sept. 1.—As president, Franklin D. Roosevelt's cabinet has been no particular liability to him, for the simple reason that he has been pretty much his own cabinet. The nominal holders of his portfolios have been mere clerks, with an exception or two.

In the current campaign, however, most of them distinctly are liabilities, either actively or passively.

Secretary of State Cordell Hull

is the one man among the nine (and one woman) who really should strengthen the Democratic ticket. Even Hull has given plenty of offense to high protectionists, with his reciprocal tariff treaties. His critics, however, recognize him as a genuine statesman, although, in that detail, they disagree with him.

FARLEY

Postmaster General James A. Farley is the weakest spot in the organization. Despite the fact that he is on unpaid leave of absence from his cabinet job, to enable him to devote his whole time to his chairmanship of the Democratic national committee, the electorate unquestionably appreciates that the administration is hanging onto him, in contradiction of President Roosevelt's own dictum that two such posts (not to mention Farley's third, as New York state chairman) shouldn't be held by the same individual.

True, the president clung to Farley for so long that the latter hardly can be unloaded now without an implied confession that his retention was a presidential error.

But that makes him none the less a liability; more so, if anything.

OTHERS

Secretary of Agriculture Henry A. Wallace verges on being a genius as a theorist and writer, but as a politician he is nothing to write home about.

Secretary of the Interior Harold I. Ickes has done his best to checkmate patronage seekers. They now hate him. And his tongue has made other enemies.

War Secretary George H. Dern, who has just died, was a retiring man, who remained in the background. Naval Secretary Claude A. Swanson has been ill a long time.

NO INFLUENCE

Certainly no one will contend that there is much political inspiration in the name of Secretary of the Treasury Henry Morgenthau, Jr. Can he spell-bind? No more than Andrew W. Mellon. Indeed,

he hasn't the weight that Mellon carried, at a press conference.

The administration itself announced, at the time, that Homer S. Cummings was appointed to the attorney generalship only a stop-gap functionary, when Senator Thomas J. Walsh, a sure-enough live wire, who originally was chosen, died suddenly—and many folk said conveniently. And a stop-gapper he has been ever since, for "three long years," as Republican Key-note Stelwer expressed it at the G. O. P.'s Cleveland convention—quite a while for a stop-gapper.

Secretary of Commerce Daniel C. Roper has been cast in the role of the administration's liaison officer between itself and big business, and big business has laughed at him. He doesn't, of course, know big business from something to eat, and he isn't a liberal either. "Uncle Dan!" did once take the trouble to deny that he was a member of the K. K. K., sufficient proof that he was aware he was suspected of it.

Secretary of Labor Frances Perkins has been undiplomatic, and, of course, has no political influence.

HOPKINS

WPA Director Harry L. Hopkins isn't a cabinet member but he is almost one.

He also is an administration liability.

On the one hand he is as tactless as Secretary Ickes, irritating politicians; on the opposite hand he is a reckless spender, alarming all conservative folk.

Young Man Pleads To Stealing Truck

BUTLER, Pa., Sept. 1.—Russell Beers, 28, pleaded guilty today to a charge of larceny in connection with the theft of a \$700 truck, owned by the Biehl grocery store, the night of August 21.

Following his arraignment before Alderman Porter Scott, Beers was committed to the Butler county jail in default of \$500 bond pending court action on the larceny charge.

Forming Rules For Pensioning Of Police

Rules and regulations under which can be and voluntary retire from the police department are being prepared by city solicitors and will be formally brought before council at their meeting Thursday, the solons having decided to put the pension ordinance into effect. The pension fund will start off with an appropriation by the city of \$2,280, and an assessment of not more than three per cent of police officers' monthly wage.

FALLS DOWN STEPS WHILE CARRYING POT OF BOILING WATER

Rev. W. W. Nelson Fourteen Years Pastor Of Church

Second Baptist Minister Gives
Long Service To West
North Street Con-
gregation

REV. W. W. NELSON

On Sunday, September 13, Rev. W. W. Nelson will celebrate his 14th anniversary as pastor of the Second Baptist church of New Castle. An elaborate program has been arranged for the day.

At 11 a. m. Rev. Nelson will deliver a sermon. At 3 p. m. Dr. William Harris of Aliquippa will preach the anniversary address, following an account of the pastoral history read by the church clerk, Mrs. Mamie Mann. A chorus of about 100 voices will furnish special music. There will be singers in the choir from Aliquippa, St. Paul's Baptist, Union Baptist and Second Baptist churches of New Castle. Hymns to be sung will include "Lift Him Up", "Dwelling in Beulah Land", "Shine For Jesus" and "Everybody Will Be Happy Over There".

At 7:30 p. m. the deacons and their wives will be in charge of the service. Music will be given by the senior choir of the church, Mrs. Addie Brown, chorister, and Mrs. Elizabeth Thomas, organist. The master of ceremonies will be Gilbert C. Derr.

During his pastorate here Rev. Nelson has preached about 1,400 sermons, attended about 700 prayer meetings and Sunday school sessions, and all teachers and missionary meetings of his congregation.

He preached 142 funeral sermons, performed 98 marriage ceremonies, brought 687 members into the church and assisted the church in raising about \$90,000, completing a brick church building on West North street and purchasing a parsonage. The church debts are not all cancelled but are greatly reduced.

Miss Margaret Brown, of the class of 1934, will take a six months' course in operating room work at the Temple hospital, Philadelphia, while Miss Kathryn Melvin, of the class of 1934, will take a six months' course in obstetrical nursing, at one of the large New York hospitals.

Start Work On Stack At School

Workmen of the Alphons-Custodis company of Pittsburgh arrived today and started work on the erection of the new stack on the Benjamin Franklin junior high school. The stack was badly damaged during a lightning storm some weeks ago and inspection revealed the fact that it would have to be rebuilt from the building line up. Lightning arrestors will be installed on the new stack which will be a reasonable guarantee against similar accidents in the future.

DRESSES MADE FROM STRAW

Once thrown away as useless, linseed straw, left over after linseed oil has been extracted from flax seeds, will be used in making dresses for women and lightweight summer suits for men. The Imperial Institute of London has announced that the ultimate flax fibres obtained

can be spun either alone or mixed with cotton on regular cotton machinery, slightly altered for the purpose.

In 1922, under Coolidge's economy, expenditures were cut nearly \$600,000,000 below the amount originally estimated.

Muddy Creek Falls Camp Is Busy Place

Squad Of 38 Boys Working Out Twice Each Day Under Head Coach Bridenbaugh

New Castle Will Have Almost Veteran Team At Start Of Season, Is Indicated

The New Castle High School "Red Hurricane" football camp at Muddy Creek Falls resembled a beehive yesterday as 38 young huskies began a weeks training. Everyone—even to Faculty Manager Ralph H. Gardner seemed to be busy and hard at work. The camp fairly hummed with activity. It was a busy time at camp and the boys had to step lively. There is not much lagging when Bridenbaugh thunders out those commands. The short morning session only whetted the appetites of the young hopefuls and they returned for the afternoon session with a spirit that should produce results. The boys realize that the season starts early this year. There is a lot of stiff work to be done before the "Red Hurricane" trots out on the greensward of Taggart Stadium.

Tentative Lineup
While it is too early to make any predictions the writer of this article believes that the starting lineup for the first game with Braddock High may look like this—DeCaprio at fullback, Cox and Perrett or Komine at the halfback posts, Mumford at center. The ends will be Tusciano and Nocera come from the ranks, the two boys who seem to have a good chance to make the end jobs are Covelli and Dutkin. "Bud" Fraser out of Washington High is a youngster who needs experience, but may develop into a capable end with more coaching. The tackles will more than likely be "Horse" Ryglinski and "Cowboy" Leonard, with George Vargo at center being pushed this year by Jim Howley, who was out of the lineup last year by illness. The guards will more than likely be Paulie Small and Harvey Jokinen. One of the

most likely looking prospects in camp is Socrates Roussos, the big husky former Franklin High gragger who will make somebody step to hold a varsity post this year.

Everybody works
The backfield men and linemen were divided into separate groups yesterday and George "Gig" Thomas and Art Alexander took over the backfield squad, with Bridenbaugh, Klee and Cuba directing the linemen in the art of defense and offense.

After several hours on the practice field the squad raced for the "natural" shower at the falls and after a dip returned to camp with appetites that would make a grocery bill groan. Mrs. Helen Hood had a delicious supper for the boys and how these young men can eat.

For the remainder of the week the slogan in camp is "Let's Get To Work." Two workouts will be held each day up until Saturday.

38 In Camp
The following are enrolled in the camp—Leroy Cox, Dom Covelli, Ted Cutler, Dom Caprio, Alex Dutkin, Lester Jenkins, Harvey Jokinen, Stanley Komine, Louis Leonard, Charles Mort, Dal Mumford, Tony Perrett, Vincent Ryglinski, Paul Small, Edgar Sovosky, George Vargo, James Howley, Thomas McCormick, Vic Nocera, Socrates Roussos, Dave Updegraff, Dumbroski, Albert Duffy, Maddis, Bridenbaugh, Palkovich, Micalette, Chip, Crudell, Deep, Campbell, James, Mortimer, Moses, Mumeyak, Parou, and Fraser.

Chicago Cubs Upset Giants

Lon Warneke Tames Giants As Billy Herman Drives In Winning Run

YANKEES AGAIN DEFEAT WHITE SOX

(International News Service)
CHICAGO, Sept. 1.—The last month of the baseball season dawned today with promise of a race all the way down the stretch as thrilling as any ever seen in the National League, as the Cards and Cubs stepped to the pace, still hopeful of overhauling the Giants.

Holding a four-game edge over St. Louis and 4½ over the champion Cubs, the Giants continue as favorites today but a dash of uncertainty was injected into the situation yesterday by Lon Warneke who stopped the New Yorkers in his finest performance of the season, a six-hit, 1 to 0 triumph.

Herman Is Hero
In the sixth Jimmy Ripple missed a shoestring catch on Allen's low liner and Herman singled to run home. That was all the Arkansas right-hander needed.

If that was a tough break for Gabler, who went seven innings, and the rest of the Giants, it was none-the-less deserved by Warneke. His mates made 12 hits and he proved his gameness in the ninth.

He was faced by the Giants' siege guns with their last chance to pull the game out of the fire. He struck out Terry, Ott went down on a line drive, Ripple singled to stretch his string to 18 consecutive games, but the game ended with Jackson grounding to Warneke himself for an easy out.

Yanks Win Again
It left the series standing at two for the Giants and one for the Cubs, with the final slated today.

Paced by Bob Seids, who hit two home runs, the Yankees defeated the White Sox 5 to 1, with Johnny Broaca outpitching Bill Dietrich by the margin of nine hits to four, in the day's only other game.

Joe Di Maggio also homered to bring the Yankee total for the season to 157, which is within three of the Yankees' best previous effort—160 in 1932—and within striking distance of the major league mark of 173 set by the Athletics the same season.

McKeown High In Rifle Shoot

William "Bill" McKeown was high man with the brilliant score of 194 out of a possible 200 in the semi-weekly shoot of the New Castle Rifle Club last night at the Cathedral range. This is one of the highest scores ever shot at the Cathedral range. Second high was held by Leo Hill with 190.

Another shoot will be held Friday night, but the shoot for next Monday has been postponed. Other scores last night were Ruby Moore 186, Van Horn 178, Waddington 188, Patterson 187.

HERE AND THERE IN SPORTS' LAND

Sixto Escobar, Puerto Rican, is still champion of the bantamweight division, having dished out a merciless drubbing to Tony Marino of Duquesne, Pa., in a bout limited to 15 rounds at New York last night. Escobar won by a technical "kayo" in the 13th round. Marino took only two of the stanzas. While this fight was under way Ken Overlin of Richmond, Ind., was carving a 10-round decision off Oscar Rankins of California in a 10-round bout at Pittsburgh. The next fight was to implore for a fight with Marino on Thursday night at Youngstown when Jack Trammell hopes to increase his prestige by holding even or beating LeRoy Haynes of Philadelphia in a heavyweight bout.

President Ankenman of the Houston (Texas) Buffaloes gave a dinner to the Buffaloes and their wives recently. It was the third affair of its kind he has given. The first was in 1928 and the second in 1931 and the Buffaloes won the pennant. Having given the third dinner President Ankenman has hopes of a third flag.

Ali Baba, the wrestler, who meets Walter Podolak here, is one of the fiercest looking grapplers in the game. Dubbed the "Terrible Turk" he sports a moustache, the ends of which have been cut off. He has a black hair on the top of his dome and these two added to grimaces makes him a fierce looking gabo when he sheds his bathrobe and goes into action.

With the next baseball game in the Lawrence county league fight carded for Saturday at Bessemer, both the A. S. & T. P. and Bessemer will hold practices this week. The teams have each taken a game with a third ending in a deadlock. The series has proved very entertaining as the large crowds evidence.

Patty Berg, 18, led the way in the qualifying round of the Mason-Dixon tournament yesterday with a 78 at White Sulphur Springs. The Minneapolis girl put together a 36 on the first round and a 40 on the second to outdistance Mrs. Jack Hobbitz, Parkersburg, former West Virginia champion, by three strokes.

Toby Lyons, Cambridge Springs, and Carl McLaughlin, Edinboro, split honors in the Professional Golfers association, Northwest Pennsylvania division, play at Greenville. Each scored a 70. Fred Baroni, Conneaut Lake, turned in a card of 71.

Eighty thousand fans are expected to see the Detroit Lions professional football champions, play the College All-Stars at Chicago tonight. The Giants have bought First Base man John J. McCarthy from the Newark Bears.

Bakers Defeat Cold Rolls In Softball 13-0

Bakers softball team of the Carnegie Steel company league handed a whitewashing to the Cold Rolls, the first half winners last night at Flats field 13 to 0 with Marion Kolodjeski on the knoll for the Bakers and pitching a great one-hit game. He fanned eight batters. The Bakers had 14 hits off of Kundra and Seneki.

The victory gave the Brights the lead for the second half of the league season. Masajada was the lad who spoiled the no-hit no-run game for Kolodjeski.

Score by innings: R. H. E.
Cold Rolls 000 000—0 1 6
Batters—Cold Rolls, Kundra, Seneki and Morgan; Bakers, Kolodjeski and Smith; Boda.

Haynes-Trammel Battle Thursday

Many New Castle Fans Plan To See Colored Heavies' Clash

LeRoy Haynes, elongated Philadelphia who will fight Jack Trammel, the Buckeye beanpole at Youngstown, Thursday night, probably will be a favorite when the song is according to Lee reports from Youngstown. He has had more ring experience than Trammel and will have a weight advantage of probably 10 pounds. Haynes trained in Philadelphia and Trammel at Youngstown. It will be the first meeting between the 200 pounders and judging from Lee here quite a number of New Castle fans will journey Thursday to witness the bout.

Reports coming from the east and Youngstown, say that the winner may get a chance at Joe Louis who staged a partial comeback when he stopped the aged Jack Sharkey in a few rounds recently.

Firemen To Play Wampum Tonight

Sixth Ward Firemen will play the Wampum team of the Lawrence county league at Lee venue field tonight. The game will start at 5:45 o'clock. This will be the first meeting for these teams this year and a good game is looked for.

Manager Joe Ziegler has not as yet decided upon his pitcher for the game tonight. It will either be Alexander or Thornton. Dombeck will be on the hill for the Wampums.

Men Score What Is Believed Record In Horseshoe Pitching

One of the most interesting horseshoe matches of the present tourney at West Pittsburgh was played last night with Mike Marcantino defeating A. McVickers 50 to 49 in a red-hot battle in which 99 ringers and 99 points were scored. This is believed some kind of a local if not national record at horseshoes.

Marcantino had 35 doubles and McVickers 25 doubles. There are 102 games in the tourney played to date, and about 500 or 600 games left to be played. The championship this year is in doubt, with Marcantino the defending champion. There are a lot of star horseshoe pitchers in the tourney.

First Appearance Of Ali Baba Here

Former Champion Will Meet Podolak In His Inaugural Here

FITTING UP HALL FOR WINTER SEASON

When next Monday night arrives local wrestling fans will have an opportunity of seeing Ali Baba, one of the most talked about men in sport these days. He took the title from Dick Shikat after Dick had flopped Danno O'Mahoney and lost it to Everett Marshall. Although his reign was short lived he created considerable talk and has become one of wrestling's best attractions. His opponent here will be Walter Podolak, a local favorite. They will wrestle at the Old Armory in Neshannock avenue.

According to promoters every one of the wrestlers on next Monday night's card is a main bouter in other cities, and two of them have not appeared here previously. Stanley Buresh, who takes Steve Banaski is from Australia. There are few Australians wrestling in the United States and no doubt many persons will turn out to see how he fares against Banaski. Tony Marchoni will oppose John Brown, a newcomer and Eddie Conley and Pete Kosar will open the show.

The hall where the wrestling will be held this fall and winter is being fitted up. Six hundred chairs have been installed and bleacher seats which can accommodate several hundred more fans are being placed. The ring has been moved from Centennial field and is being reassembled. New pads will be laid and with good matches indications are that the bouts indoor will draw. One of the holdbacks against going to Centennial field was parking of cars in dark spots and likelihood of vandalism. No one will have to use a car to reach the old armory building.

McFate Wins Over H. Kirk

Semi-Final Matches Scheduled For Today; Mears And Racioppo Win

FINALS TO BE HELD SATURDAY

Playing flashy tennis throughout the match, Attorney Joseph McFate advanced to the semi-finals in the Lawrence county tennis tournament by virtue of a clean cut triumph over Herbert Kirk, Monday evening, 7-5, 6-0.

McFate uncovered a variety of difficult shots. This afternoon Baer opposes Guntion at Cienmore court at 2 o'clock, and McFate meets Morrow at 4:15 o'clock on the Maple street court, in semi-final battles.

In the doubles tournament, Mears, 55-year-old, and Racioppo pulled the first upset by defeating Guntion and Sucul in a hard fought three set match, 6-4, 4-6, 6-4. Mears showed real tennis ability to the many spectators on hand. His partner played equally as well. Lach and Anderson advanced to the semi-finals as a result of a double default. McFate and Baer also reached the semi-finals by a victory over Flegley-Jones, 6-1, 6-3.

The committee is making arrangements to stage the finals on Saturday. The winners and runners-up will receive trophies.

SPORT SHORTS

Wilmington Sluggers took first place in the junior baseball league last night by defeating the New Castle Dairy team 4 to 3 in a league encounter. Adams and Swisher formed the battery for the Sluggers. Mike Coates was the pitcher for the Dairy team. The Sluggers had five hits off of Coates. Adams fanned 13 men and allowed only four hits.

Friendship Stars defeated the Ross A. C. in a fast game at Dave's field 8 to 5. It was the first of a five-game series. A Lamorella was five-game series. A Lamorella was in superb form, allowing six hits and fanning 17 men. The Friendship Stars have won 33 games and lost but two this year. The Stars are claiming the midget championship of New Castle for teams between 12 and 15.

Bonnetts softball team desires a game for this week with a fast team. For games call 4151-M and ask for Rocco P. Viggiano, the business manager for the Bonnetts. Coach Andy "Early" Venditto has returned home from a vacation trip to St. Louis and mid-west points and will again direct the Bonnetts.

Business Men Enjoy Fine Golf Banquet

Sylvan Heights Clubhouse Rings With Merriment As Golfers Dine

Mayor McGrath, Attorney Muse And Ruffles Johns Speakers

Business Men's Golf League for 1936 passed out of existence at the Sylvan Heights clubhouse last night, but the departure instead of being a sad one, was just the opposite. Merriment and lightheartedness reigned as Mayor Charles McGrath, Attorney George Muse and "Ruffles" Johns, The Universal Sanitary team, 1936 champions, were honored by the league members.

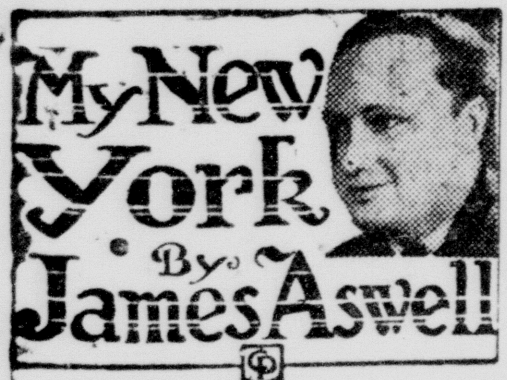

Thirty-five were present at the dinner served by Mrs. V. Arthur Smith and which consisted of braised steak, au gratin potatoes and string beans, with all the trimmings and the meal was delicious. The golfers brought their appetites to the banquet and no one went away hungry.

McGrath-Muse Speak
Charles "Bugs" Walther, president of the league, acted as toastmaster of the occasion and after a few brief introductory remarks introduced His Honor Charles McGrath, mayor of the city of New Castle, who gave the golfers a fine talk on the subject, "I'm No Play-boy Mayor." The talk by Mayor McGrath was thoroughly enjoyed. Although not a golfer himself the mayor said that he thought golf a great game for building character and strong healthy bodies and minds.

Attorney George Muse, with his ready wit and humor, was next called upon and you could have heard the laughter out on the Ellwood City road several times when Mr. Muse waxed enthusiastic in his efforts to please the golfers with his humorous sayings. Mr. Muse interspersed his talk with a lot of homely philosophy as regards the benefits of golf to the individual. His talk was also thoroughly enjoyed by the men.

"Ruffles" Johns Speaks
"Ruffles" Johns, world's greatest rate crusher and a New Castle boy, decided not to crash the golf party last night, but on the other hand was a special guest of Mr. Muse and when called upon for a speech responded with a quite interesting account of "How I Get In." He related experiences in crashing the Rose Bowl games in California, the world's series, the Braddock-Baer and Baer-Louis and Schmeling-Louis fights. Also how he traveled from Mexico to Canada and from ocean to ocean ala the freights.

Johns also related his experiences while a stowaway on the Cunard liner Laconia, how they tripped him up and what the inside of English jails look like. Mr. Johns, although only 20, is a veteran

NEW YORK, Sept. 1—The first show of any new theatrical season has a sting and savor the later offerings lack. You go hungry for drama and eager to watch the unfolding of a hit. It has always seemed to me that the initial play has a great advantage over anything that follows, if it can reach even a mediocre level of entertainment.

I went to the first play of this beginning season the other night and with all will in the world to like it, I could not. Jed Harris, the producer for whom I have the greatest respect, put it on too, and Philip Barry, who once wrote a very fine comedy called "Paris Bound," before the whimsies got him, adapted it from an original effort by two Smith College girls.

"Spring Dance," the new venture outlines the machinations of a group of college girls who set out to rope in the recalcitrant boy-friend of one of their number, hog-tie him and shackle him into matrimony before he can run off to see the world. They succeed magnificently and the final curtain leaves you wondering why they went to all that trouble. The young man is a dimwit of such appalling proportions that pursuit of him is only made reasonable by the revolting characters displayed by the coquettish girls in the play.

It may be that "Spring Dance," is true to life. It may be that the collegiate set today is as silly and uninteresting as it is here made out. It may be that the young ladies of Vassar and Smith and Wellesley discuss their heavy dates in a sort of quotational double-talk, using excerpts from Shakespeare, Robert W. Service and T. S. Eliot to saucer their most casual exchanges. It may be that they wallow in a whimsy so deep that not even Alexander Woolcott could frolic with them and fail to be a little ill.

But if "Spring Dance" is a true picture, those of us who have been separated from the age delineated by the march of a decade have more to be thankful for than we realized. Indeed, the night I attended, the old Empire Theatre was full of white hair, canes and potential townsmen. They seemed to enjoy the proceedings on the stage, and I think a good deal of their delight arose from the knowledge that they were safely removed from the callow and depressing turmoil they saw unfolded.

There are some chuckles in "Spring Dance," and a young actor named Joe Ferrer manages to inject sharpness and conviction in the earlier scenes into his portrayal of a droll camera-bug from Yale. He even gets off a nifty as follows: "Do you know what I'd do with a son who wanted to go to Princeton? I'll tell you, I'd sent him to Princeton!"

But there is too little of that kind of quippery and too much heavy-handed "cuteness." The characters actually lapse into verse when they are supposed to be indulging in violent emotional outbursts. I don't believe real people do that. Maybe Smith college girls in 1936. But not real people. Maybe the characters in a Maxwell Anderson play do it all the time, but still not real people. And there was not even the excuse of an attempt at modern blank verse in "Spring Dance." It was done just for cuteness' sake.

Yet I sat through "Spring Dance" to the end. The Jed Harris touch was evident here and there and even a bad play under the Harris aegis is worth watching. It was the first play of the new season and I was starved

for a play, any kind of a play. The mood was in, I could almost have wrapped myself in a red flag and gone to a WPA production to cheer with the other malcontents.

Mercer Street Job May Start Today

City Plans To Resurface Portion Of South Mercer Street

Reis street and Wallace avenue have been resurfaced and Beaver street resurfacing between South and Bridge streets will be completed today, according to City Engineer Glenn R. Throop, who added that providing good weather continues throughout today resurfacing of South Mercer street between East Washington and Lawrence street, may get under way.

Throop also said that eligibles for appointment under the tax system, may apply at the city engineer's office for positions. About 180 men so far have been given work.

Throop also said that curbs are being set in Kurtz Place between East Washington street and Kurtz Place and that work by the city in constructing a new storm sewer at Sampson and Mitchell streets has been held up temporarily to allow a public utility to change their service lines. However, the city has completed their part of the job to such an extent that should a rain fall no more water will flow into cellars in that section.

The city is also building a catch-basin at the corner of Court and Walnut street, Throop stated.

Two Drunken Drivers Are Facing Charges

BEAVER FALLS, Pa., Sept. 1—Two Beaver Falls motorists today faced prosecution for drunken driving, Wilbur L. Braden, Jr., was in custody of Beaver Falls police, following an accident in which 5 year old Delores Bryant of Ninth avenue was severely injured.

C. H. Parker, Pleasant View, Beaver Falls, was held by county authorities for drunken driving and failure to stop after an accident. It is alleged he drove away after his car struck Mr. and Mrs. Paul M. Pugh, of Rochester.

Return To Duties At Local Y.W.C.A.

Miss Marguerite D. White, general secretary, and Miss Dorothy Stewart, girls' club secretary, are back in their offices at the Y. W. C. A. building, after the summer vacation.

Miss White passed much of the summer in study at the School of Divinity, University of Chicago. Miss Stewart took a summer course at the University of Pittsburgh.

A third member of the staff, Miss Josephine Sroczynska, returned here from Boston, Mass., a week ago. She was fully recovered from an operation on one of her eyes.

16 AUTO DEATHS
SHARON, Sept. 1—Dr. W. A. Applegate, county coroner today reported 16 persons killed in Mercer county by automobiles this year. August tops the list, with five deaths. Two were killed in July, two in June and two in May, and one each in January, February, March and April.

NEW YORK, Sept. 1.—Utility strength stiffened the stock market today as Standard Gas preferred soared more than two points and consolidated Edison sold above the 44 level.

Bethlehem Steel was up fractionally and U. S. Steel recovered to the previous close. Rails were generally better with Baltimore and Ohio in demand and N. Y. Central up fractionally. Southern Pacific eased slightly. Tractors were better. Man- gnet rising nearly 2. Motors sagged early but recovered. Oils were quiet.

Wheat was higher and corn down. Cotton was strong. Bonds were irregular.

ELLWOOD CITY, Sept. 1.—The title in the Ellwood City church softball league went into the undisputed possession of the B. V. M. players as a result of its 5 to 1 victory over the Christian-Reformed team at Ewing park Monday evening in their final game of the season.

The victors compiled an enviable record in the league when they won both halves of the season and were undefeated in league competition. No chances were taken by the B. V. M. players as they settled down to some serious playing. They jumped to a commanding 4-0 lead in the initial inning and added another run in the third. The Christian-Reformed team was held scoreless until the last of the seventh inning when their lone tally came in. This was the result of a couple of free tickets to the bases and then a hit by Ketterer.

Marion Twp. Home
Destroyed By FireMany Visiting Officers Attend
Regular Meeting Of Local
Lodge On Monday

ELLWOOD CITY, Sept. 1.—Members of the family of Mrs. M. A. Headland of Marion township survived the blackened ruins which was once their home, clothing and furniture, and were uncertain as to just what their future plans will be.

The farmhouse was struck by lightning during the severe electrical storm of last Wednesday evening and within a few minutes the entire structure was aflame. Before aid could be secured the flames had completely destroyed the house. The family was forced to flee without saving either furniture or clothing. There are no facilities for combating fire in that district.

Francis Headland, who was recovering from severe injuries received in an automobile accident several months ago collapsed at the height of the excitement. Another member of the family, Ralph Headland, was painfully burned when he endeavored to save clothing from the blazing building.

Five years ago fire destroyed the Headland home. The residence destroyed Wednesday evening had been built but four years. The loss is partially covered by insurance.

Three MacMurdos
Being Kept BusyJim, Youngest Of Famous
Brothers Reports For Fifth
Season Of Pro Football

ELLWOOD CITY, Sept. 1.—With minds being steadily turned towards football, Ellwood City fans are naturally wondering about their favorite sons—"Big T" Tom, Bob, and Jim MacMurdo and their latest endeavor.

It does not take any effort to think back when the MacMurdos and the Johnsons formed the bulk of the Ellwood City high grid eleven, with each being considerably in the limelight. "Big T" gave up his exploits on the gridiron at Kiski from where he was scheduled to leave for Pitt. due to an injury and operation. He returned to this city and was immediately employed.

At present he is with the WPA. Bob, the second in line, played semi-pro football for a few years after graduation from Ellwood high, then married a southern girl and went into business. He is the manager of a popular restaurant in Chicago, Ill.

Jim, the youngest and most famous of the three who gained All-American fame while at Pitt, has reported for his fifth season of professional football with the Philadelphia Eagles where he has been a regular. He was injured last year and had to undergo an operation on a trick knee which kept him on the bench for quite awhile. He is fully recovered and is giving some ambitious youngsters seeking his position, a nice going over, according to information received here.

Mrs. J. D. Kirk
Hostess To Club

ELLWOOD CITY, Sept. 1.—Members of the Monday Night Bridge club met at the home of Mrs. J. D. Kirk, on Fifth street yesterday. Mrs. Harry Hagers of Baltimore, Md., was a special guest.

Mrs. Carrie Aiken made the high score for the three tables of bridge in play. Lunch was afterwards served by the hostess assisted by Mrs. Erle Yahn.

Two weeks from this afternoon the club will meet at the home of Mrs. J. W. Humphrey on Spring avenue.

Mother Of Slain
Newspaperman To
Aid Accused Man

(International News Service)

CHICAGO, Sept. 1.—Mrs. Emily Dast, of Kansas City, mother of Jake Lingle, newspaper reporter who was slain here during the gang wars, was in Chicago today circulating petitions to the parole board asking the release of Leo Brothers, convicted of the murder, of Lingle.

Brothers now is in Joliet penitentiary, serving a sentence up to 14 years. Mrs. Dast said:

"Brothers' mother wrote me that her boy had been convicted of a crime of which he was innocent. I never believed he had anything to do with the killing of my son. I am circulating this petition because of a mother's instinct which tells me this other boy is innocent. That is all."

To make war less dreadful, just surrender quick; let the victor impose peace terms, and then evade the terms.

Settlement Made In
Auto Damage Case

Agreement Provides That \$700 Is To Be Paid For Injuries To William Hogue

William Hogue, aged 8, by his parents, Mr. and Mrs. John Hogue, and an uncle Charles Hogue, have presented a petition to court to settle an automobile damage case against Orlo Pratt and his wife, Maude Pratt.

It is claimed that Mrs. Pratt, while driving the car of her husband, struck William Hogue as he was crossing the New Castle-Youngstown road near Scotland school. The boy was knocked down and suffered a concussion of the brain and other injuries.

Charles Hogue, the uncle, has reared William since a short time after his birth, according to the petition, and has therefore joined in the prayer for a settlement of the case for \$700.

The settlement has been approved by the court and the case discontinued.

(International News Service)

LOS ANGELES, Sept. 1.—The depression is over as far as Death Valley Scotty is concerned.

Modestly admitting that he had "more than half a million in the hole," the famous old prospector was heading back to his desert haunts today after coming to town to purchase a new string of mules.

"I've got about \$700,000 back there in those rocks," Scotty said, with an expansive wave of his hand.

He added that he was returning to resume construction of his "Arabian Night's Palace," which he plans for lonely Death Valley where he has made his home for as long as he can remember.

Construction of the palace was delayed when Scotty temporarily ran out of funds. But now: "You'll see some real gold when I get back," he said as he drove off with his new team of mules.

Beauties Possess Athletic Tastes

Twenty-Five Entered In Atlantic City Pageant, Some Are Tall And Shapely

No Platinum Blondes Appear This Year, All Seek Stage Or Movie Careers

(International News Service)
ATLANTIC CITY, Sept. 1.—Taller, heavier, more athletic, yet with more feminine curves, and a capable singer and dancer, is the composite picture of the new ideal American girl, according to the mass of data piling up today in beauty pageant headquarters here.

Out of forty-eight entries from thirty states, all seeking the title of Miss America 1936 in the showmen's variety jubilee, September 8 to 14, twenty-five have sent in their specifications. (In other cases the elimination contests are still under way). The twenty-five show unmistakably that:

All have athletic tastes. Brunets predominate.

All swim. In this beauty pageant bathing suits will be more than ornamental.

All have appeared in school theatricals. Several have entertained professionally.

All want stage, movie, or radio careers.

Almost all sing, mostly blues or torch songs.

Their average height and weight are greater than in the past.

Lots Of Curves

Their pictures show that the flat-bosomed boyish figure sought a few years ago in the dieting era is no longer fashionable. They show decidedly feminine curves.

And only one professes that her hobby is cooking.

Not one of the twenty-five is a platinum blonde; the lightest is Miss California (Phyllis Dobson of Venice) who calls herself "golden blonde".

Including the ash and dark blondes there are only eight of this class, against fifteen with brown hair, one with black, and one with auburn.

Miss Rhode Island (Mary Rogers) is the shortest girl listed, five feet two and a half inches. Others range up to Miss Alabama (Tommy Maxie Peck) who stands five feet eight and three-quarters. Both Miss Alabama and Miss Western Pennsylvania (Marie Isabel Ketter) of Ridgway weigh 138 pounds. The latter girl and Miss Anthracite (Margie Sossone) of Scranton are five feet eight inches tall. Bonnie Boyle, Miss Pittsburgh is five feet seven and weighs 125 pounds.

The Pennsylvania blondes are Miss Ketter and Anna Zaker (Miss Reading).

Good Golfers

Among the athletes, Miss Connecticut (Tillie Grey) is a member of the Polar Bears Club of hardy swimmer. Others play basketball and do acrobatics. Miss California shoots a 96 at golf.

Contestants are to gather at Philadelphia on Labor Day and come by special train to the shore the following day.
